International Perspectives on Forest School Sara Knight, 2013-08-12 Forest School is now implemented across a wide range of settings both nationally and internationally and this book explores the global similarities between the Forest School approach and how natural spaces are being used all over the world Written by a range of international authors the text includes perspectives from Sweden Portugal Brazil Germany Slovenia South Africa Australia USA and Canada India It considers the impact that global influences have on early learning and reflects on how the Forest School approach is used in the UK With case studies annotated further reading and points for practice this is a key text for all those studying Early Childhood Studies Early Years and Primary Education Sara Knight is Principal Lecturer at Anglia Ruskin University She is a trained Forest School practitioner and author of Forest Schools For All Risk and Adventure in Early Years Outdoor Play and Forest School and Outdoor Learning all published by SAGE *Creativity in Education, Urban and Cultural Policy* Mark Connolly, 2025-03-22 This book critiques creativity as a keyword in contemporary society This is illustrated through an analysis of the uses of creativity within cultural urban and educational policy While there have been critiques and debates of the uses of creativity within these fields the author innovatively bridges these disciplines by providing both an overview of the philosophical and ideological underpinnings of these debates and illustration of how they manifest in these distinct yet interrelated policy spheres Drawing on Raymond Williams theory of culture as social communication and keyword approach the book illustrates how the creative turn in contemporary policy can divert attention from structural analysis and provide a rhetorical gloss for inequitable social policies It will appeal to academics students and practitioners involved in education cultural and urban studies Teaching Science and Technology in the Early Years (3-7) Dan Davies, Alan Howe, Christopher Collier, Rebecca Digby, Sarah Earle, Kendra McMahon, 2019-04-30 Teaching Science and Technology in the Early Years 3 7 celebrates young children's amazing capabilities as scientists designers and technologists Research based yet practical and accessible it demonstrates how scientific designing and making activities are natural to young children and have the

potential for contributing to all aspects of their learning By identifying the scientific and technological concepts skills and activities being developed the book enables the reader to make more focused diagnostic observations of young children and plan for how they can help move them forward in their learning This third edition has been thoroughly updated and features fresh insights into young children s learning from neuroscience and new materialist perspectives a UK wide perspective on Early Years curricula and how they support the inclusion of science and technology as an entitlement for young children new case studies of successful evidence based Early Years practice alongside new examples of practical planning for learning and advice on documenting children s learning stories an updated chapter on assessing and documenting children s learning drawing upon findings from the Teacher Assessment in Primary Science TAPS project at Bath Spa University Based on the latest research and first hand experience this practical and accessible book is essential reading for Early Years and Primary students on undergraduate PGCE and Masters level courses Education in a Federal UK John Furlong,Ingrid Lunt,2019-10-23 Britain s two recent referenda on Brexit 2016 and on Scottish independence 2014 have raised in the public mind fundamental questions about the future of the UK It seems that for the first time the public the media and the political elite have woken up to the fact that in different parts of the UK there are different histories different aspirations and different imagined futures in relation to a whole range of vitally important political issues But what the public debate often fails to recognise is that in many areas of public life perhaps especially education the UK is already a federal state and in key respects has been so for many years The aim of this volume is therefore to take stock to try and capture what the current state of educational policy and practice is across the whole of the UK This has been achieved by commissioning two different papers from each of the four countries Wales Scotland Northern Ireland and England The first is an overview exploring the distinctive history principles and current policies of each country The second paper has been specifically chosen as a case study of a key policy that highlights the distinctiveness of each country the Foundation Phase for Wales assessment policy in Scotland shared education initiatives in Northern Ireland and higher education policy in England Taken together these eight papers give an important insight into the complexities of educational policy and practice across the whole of the UK today This volume was originally published as a special issue of Oxford Review of Education Creativity in the Primary Curriculum Russell Jones,Dominic Wyse,2013-01-17 Are you striving to establish a more creative and imaginative classroom Are you interested in the generosity of creativity creative conjecture being an advocate for creativity welcoming the unexpected the unpredictable and the unconventional taking risks learning which leads to new or original thinking which is of value If so this completely updated new edition of a classic text will show you how to achieve these ideals The book is written in a clear and practical way by leading researchers and practitioners offering help and advice on the planning and implementation of effective creative teaching and learning and providing examples of best practice through a rigorous theoretical rationale A hallmark of the book is its exploration of creativity through curriculum subjects It builds on this in its

first and last chapters by addressing key cross curricular themes that thread their way throughout the book Throughout there is an emphasis on critical and reflective practice New to this edition are three entirely new chapters on drama music and geography an update of the introduction to account for advances in creativity research policy and practice a new final chapter identifying cross curricular themes greater attention to international dimensions and examples In this second edition the authors are drawn from six universities which between them produce some of the best education research internationally and some of the best teacher education The authors also come from leading national and international organisations such as the National Gallery in London and the Geographical Association Creativity for the Primary Curriculum is a core text for both training and practicing Primary teachers who wish to maintain high standards when approaching their teaching

Understanding Transitions in the Early Years Anne O'Connor, 2013 There are many transitions that children experience before they are five including the first major transition from home to an early years setting Successive changes can have a serious impact on young children and stress separation and insecure attachments can affect not only a child's emotional health but also cognitive and intellectual development Understanding Transitions in the Early Years explains why transitions matter and provides practical guidance on how to support young children's developing emotional resilience and equip them to embrace change in the future Aimed at practitioners and students the book draws together evidence from neuroscience attachment theory child development and childcare practices provides a context for practitioners to empathise with children and families as they relate to their own understanding of the impact of change and transition looks at ways to reduce the number of transitions including the key person approach offers guidance and practical strategies for practitioners managers and head teachers for supporting children through transitions Including case studies examples of good practice and questions for reflection this thought provoking text emphasises the little things that practitioners can do for the individual children in their care to help them feel secure and confident when dealing with change

Reflective Practice in the Early Years Mike Reed, Natalie Canning, 2009-11-25 This title covers issues such as play in the early years foundation stage EYFS in England safeguarding children the healthy child and many more It encourages students and practitioners to consider their own practice and to examine those in a wide range of early years settings
