Freak the Mighty Rodman Philbrick,2001 At the beginning of eighth grade learning disabled Max and his new friend Freak whose birth defect has affected his body but not his brilliant mind find that when they combine forces they make a powerful team *From Wallflowers to Bulletproof Families* Abbye E. Meyer,2022-02-04 Uses of disability in literature are often problematic and harmful to disabled people This is also true of course in children s and young adult literature but interestingly when disability is paired and confused with adolescence in narratives compelling complex arcs often arise In *From Wallflowers to Bulletproof Families* The Power of Disability in Young Adult Narratives author Abbye E Meyer examines different ways authors use and portray disability in literature She demonstrates how narratives about and for young adults differ from the norm With a distinctive young adult voice based in disability these narratives allow for readings that conflate and complicate both adolescence and disability Throughout Meyer examines common representations of disability and more importantly the ways that young adult narratives expose these tropes and explicitly challenge harmful messages they might

otherwise reinforce She illustrates how two dimensional characters allow literary metaphors to work while forcing texts to ignore reality and reinforce the assumption that disability is a problem to be fixed She sifts the freak characters often marked as disabled and she reclaims the derided genre of problem novels arguing they empower disabled characters and introduce the goals of disability rights movements The analysis offered expands to include narratives in other media nonfiction essays and memoirs songs television series films and digital narratives These contemporary works affected by digital media combine elements of literary criticism narrative expression disability theory and political activism to create and represent the solidarity of family like communities *A Literature Kit for Freak the Mighty by Rodman Philbrick* Lisa Renaud,2017
