and former Borg space Commander Liam O'Donnell of the U.S.S. Demeter makes a promising first contact with the Nihydron humanoid aliens that are collectors of history. They rarely interact with the species they study but have created a massive database of numerous races, inhabited planets, and the current geopolitical landscape of a large swath of the quadrant. When an exchange of data is proposed via a formal meeting, the Nihydron representatives are visibly shaken when Admiral Kathryn Janeway greets them. For almost a century, two local species, the Rilnar and the Zahl, have fought for control of the nearby planet Sormana, with both sides claiming it as their ancestral homeworld. The shocking part is that for the last several years, the Rilnar have been steadily gaining ground thanks to the tactics of their current commanding officer, a human woman who appears to be none other than Kathryn Janeway herself.

An original novel set in the universe of Star Trek Voyager and the sequel to the New York Times bestseller *Protectors*. Admiral Kathryn Janeway has now taken command of the Full Circle Fleet. Her first mission: return to the Delta Quadrant and open diplomatic relations with the Confederacy of the Worlds of the First Quadrant, a civilization whose power rivals that of the Federation. Captain Chakotay knows that his choices could derail the potential alliance. While grateful to the Confederacy's Interstellar Fleet for rescuing the Federation starships from an alien armada, Voyager's captain cannot forget the horrors upon which the Confederacy was founded. More troubling, it appears that several of Voyager's old adversaries have formed a separate and unlikely pact that is determined to bring down the Confederacy at all costs. Sins of the past haunt the crew members of the Full Circle Fleet as they attempt to chart a course for the future. Will they learn much too late that some sins can never be forgiven or forgotten?
