UNDIVORCED P.L. Kaul, 2023-01-17 **UNDIVORCED** is an interesting biographical portrayal of Paarthiv from Kashmir in the early fifties of the last century. He was transferred by his employer to Calcutta only after three months of his marriage much to the utter displeasure of the new weds then of course for the obvious reasons. As ill luck would have it, he lost his job there for whatever reasons and went penniless. He was neither able to return back home nor was he able to sustain his living as a stranger to the city, there unfamiliar to him in every respect including the ethnic language for communication. But being an embodiment of confidence and courage, he fought his way to rise from destitution to an enviable affluence and came to be regarded as one of the most charismatic alien celebrities of the place, known otherwise for its orthodox civility. However, in the world of audacious society, there he stayed alienated from his wife who had given birth to his son only about six months of his departure from his home. The couple remained alienated and estranged from each other for sixteen long years. Then the happy rendezvous of the family took place through a fateful coincidence brought about by Parijat, the mentor of their son, interestingly personified by the author himself. The period that followed is an absorbing description of funny incidents, superstition, travels to places of atonement, teen-age romance, and a saga of highs and lows offered by the life in many wishful and weird ways. The novel establishes the fact of life as *A Spectacle of Characters, Episodes and Scenes Scripted by Destiny*, which makes it a very interesting read. *The Journal of Education*, 1901. **Who's who** Henry Robert Addison, Charles Henry Oakes, William John Lawson, Douglas Brooke Wheelton Sladen, 1905. An annual biographical dictionary with which is incorporated Men and women of the time. **Capital Cities and Urban Form in Pre-modern China** Victor Xiong, 2016-08-19 Luoyang, situated in present-day Henan province, was one of the great urban centres of pre-Qin and early imperial China, the favoured site for dynastic capitals for almost two millennia. This book, the first in any Western language on the subject, traces the rise and fall of the six different capital cities in the region which served eleven different dynasties from the Western Zhou dynasty, when the first capital city made its appearance in Luoyang, to the great Tang dynasty, when Luoyang experienced a golden age. It examines the political histories of these cities, explores continuity and change in urban form with a particular focus on city layouts and landmark buildings, and discusses the roles of religions, especially Buddhism, and illustrious city residents. Overall, the book provides an accessible survey of a broad sweep of premodern Chinese urban history. **The Best 389 Colleges, 2024** The Princeton Review, Robert Franek, David Soto, Stephen Koch, Aaron Riccio, Laura Rose, 2023-08-15 **NO ONE KNOWS COLLEGES LIKE THE PRINCETON REVIEW**.
