description *General Conditions of Contract for Construction Works ,2020* The new GCC Short Form fills a gap in the SAICE s portfolio of contract documents where a more streamlined document suitable for Minor Works projects and without the need for extensive detailed contract conditions which are required in larger more complex projects often extending over long time frames Minor Works projects are not only those which cost little or are repetitive or are of short duration or are confined to only engineering or only building or the design is fully complete but are those projects which are usually

characterised by more than one single criterion or a combination of the criteria described above Minor Works means a type of construction project which can be determined from certain characteristics or attributes as described below If out of the 5 main criteria shown below criterion 1 strictly applies together with any one or more of the other four then the Short Form is suitable The GCC Short Form is to be used with the contract documentation format as prescribed by legislation SANS 10845 and in conjunction with SANS 1921 This is to set out the requirements and constraints relating to the manner in which the contract work is to be performed <https://saice.org.za/saice/publications> *General Conditions of Contract for Construction Works* South African Institution of Civil Engineering,2010 *General conditions of contract for construction works* The South African Institute of Civil Engineering,2015 The General Conditions of Contract for Construction Works satisfies the Construction Industry Development Board requirements for a standard form of contract and is suitable for use in procurement documents that are prepared in accordance with the provisions of SANS 10403 Formatting and Compilation of Construction Procurement Documents *Contracting for Engineering and Construction Projects* P.
