Dr Robert Lee Bell s book *The Fourth Dimension Truth or Deception* is a very well researched and balanced study on the teachings of Yonggi Cho It is indeed a need in this age to explore the dangers of the man centered theology that Apostle Paul warned against in II Timothy 3 1 9 Dr Bell has compared Cho s theology with the Scriptures and it is very clear that Cho s

theology is a synthesis of Christianity shamanism and occult practices a deceptive mixture of error and truth which appears Christian Cho takes Scripture out of context and twists it to conform to a preunderstood paradigm **The Fourth**

with God overcome all spiritual obstacles and destroy all spiritual barriers Theology of Hope Sang Yun Lee, 2018-08-01
This book digs deep into Yonggi Cho's teaching of the Threefold Blessing: salvation, financial prosperity, and healing, expressing the biblical concept of hope in the Korean Pentecostal context. Ironically, hope always begins in situations where it is lacking. The Threefold Blessing was the most urgent and eager hope in the desperate socio-economical and political situation following the Korean War. Cho's theology successfully contextualized became deeply lodged in the Korean Pentecostals' lives, which resulted in the growth of strong churches in Korea. But the context has now changed in part due to the gospel's successful penetration of Korean culture, and the Threefold Blessing must be reinterpreted and theologically recontextualized. The original Threefold Blessing emphasized the wellbeing of the individual person. The new Threefold Blessing must expand its theological perspectives to include social and ecological matters. This book suggests ways for its recontextualization for present and future of Korean Pentecostals **The Charismatic Movement** Charles Edwin Jones, 1995
