The Isis (Yssis) Papers Frances Cress Welsing, 1991 A collection of 25 essays examining the neuroses of white supremacy Copyright Libri GmbH All rights reserved *The Isis (Yssis) Papers* Frances Cress Welsing, 2004 During the course of the struggle of African people against European racism brutality and domination many innovative thinkers have risen from our ranks The greatest and most courageous scholars have devoted their lives to the pursuit of an explanation for the virtually inherent animosity most white people appear to have toward people of color Unlike her predecessors Dr Frances Cress Welsing a brilliant Washington D C psychiatrist has rejected conventional notions about the origin and perpetuation of racism Dr Welsing's theories lectures and scientific papers have provoked controversy for over twenty years Now the compilation of her work in this book is destined to change the course of history Page 4 of cover *FROM RAGS TO RESOLVE; AND FROM REVOLUTION TO REPARATIONS!* Marvin A. Smith, 2025-08-19 My grandparents parents aunts and uncles had the most unfortunate experience to come along during the terror of Jim Crow Life for them was such that they had absolutely no reason to be optimistic hopeful confident expectant encouraging visionary or enthusiastic about their future One must keep in mind that this was just 75 years after the American Civil War and the Black Codes 63 years after Reconstruction ended and the introduction of Jim Crow laws that enforced racial segregation in the Southern United States These Jim Crow laws were enacted by white Democratic dominated state legislatures throughout the South This was a time when white people in the South were Democrats We African Americans must understand this political reality of names demonstrates that these major or minor political parties by any other names are comprised of so called white people racists persistently manipulating the system to retain white supremacy or white power whether they were called Democrats DemoKKKrats or Republicans RepubliKKKlans They were all so called white people they were all domestic terrorists working in tandem in efforts to preserve maintain the status quo and advance white supremacy under the banner of states rights The so called white people came to a strategy to compensate the indigenous people the Native Americans for the multitude of atrocities committed against them but have never adequately compensated the Native Americans They designed a strategy to compensate the Japanese for the World Wars II internment camps that the Japanese Americans were illegally and unconstitutionally assigned and restricted to The Japanese were never adequately compensated either The German government found an acceptable policy to allow the Jews to be compensated for the brutal atrocities of Hitler and his Nazi regime but the Nazis compensation certainly didn't bring back the 6 000 000 people killed However the atrocities against us African Americans were most egregious and we should have received compensation through Reparations a long time ago You so called white people will not get away from paying us African Americans the Reparations you owe us never It is time for an African American Revolution **Revolutionaries to Race Leaders** Cedric Johnson, The Black Power movement represented a key turning point in American politics Disenchanted by the hollow progress of federal desegregation during

the 1960s many black citizens and leaders across the United States demanded meaningful self determination The popular movement they created was marked by a vigorous artistic renaissance militant political action and fierce ideological debate Exploring the major political and intellectual currents from the Black Power era to the present Cedric Johnson reveals how black political life gradually conformed to liberal democratic capitalism and how the movement's most radical aims the rejection of white aesthetic standards redefinition of black identity solidarity with the Third World and anticapitalist revolution were gradually eclipsed by more moderate aspirations Although Black Power activists transformed the face of American government Johnson contends that the evolution of the movement as a form of ethnic politics restricted the struggle for social justice to the world of formal politics Johnson offers a compelling and theoretically sophisticated critique of the rhetoric and strategies that emerged in this period Drawing on extensive archival research he reinterprets the place of key intellectual figures such as Harold Cruse and Amiri Baraka and influential organizations including the African Liberation Support Committee the National Black Political Assembly and the National Black Independent Political Party in postsegregation black politics while at the same time identifying the contradictions of Black Power radicalism itself Documenting the historical retreat from radical democratic struggle *Revolutionaries to Race Leaders* ultimately calls for the renewal of popular struggle and class conscious politics Cedric Johnson is assistant professor of political science at Hobart and William Smith Colleges

Afrosolian Knowledge and Cheikh Anta Diop François Ngoa Kodena, 2023-07-03

Afrosolian Knowledge and Cheikh Anta Diop Geo Ethical and Political Implications wrestles with the cultural epistemological ethical and geopolitical conundrums of our contemporary world The book offers fresh conceptual and dialogical frameworks that allow the reader to explore alternative perspectives on the axiological impasses of philosophia A cultural slide from Greek to Afrikan terrain offers a novel semantic trove namely sofia in the Beti Mvett Therefore sophia calls for sofia the trope for subjective and social solarization François Ngoa Kodena argues that sofia is a psychological discursive social and civilizational sickle constantly sharpened to weed barbarism in its alienating imperial colonial mental linguistic racist and prejudicial overtones from private and public spheres Kodena's methodology is direct and trans disciplinary his overall ontological outlook is curative and conciliatory After expounding an Afrosolian Antadiopian paradigm the author undertakes an in depth examination of Cheikh Anta Diop's epistemology to uncover its subtle underlying threads connecting sofia to the Kemetic cosmic law of becoming called kheper Contemporary humanity is thus faced with a crucial dilemma civilization or barbarism The former informs earthly existential struggles and epistemic Afrosolian practices

The Black Studies Reader Jacqueline Bobo, Cynthia Hudley, Claudine Michel, 2004-05-15 Black studies emerged from the tumultuous social and civil rights movements of the 1960s and empowered African Americans to look at themselves in new ways and pass on a dignified version of Black history However it also enriched traditional disciplines in profound and significant ways Proponents of Black and ethnic studies confronted the false notion that scholarly investigations were objective and unbiased explorations of the

range of human knowledge history creativity artistry and scientific discovery As they protested against hegemonic notions like universal psychology and re evaluated canonical texts in literature a new model of academic inquiry evolved one committed to serving a range of populations that critiqued traditional politics culture and social affairs and worked with activist energy for the transformation of the existing social order With an all star cast of contributors The Black Studies Reader takes on the history and future of this multi faceted academic field Topics include Black feminism cultural politics Black activism lesbian and gay issues African American literature and film education and religion This authoritative collection takes a critical look at the current state of Black studies and speculates on where it may go from here **TRUE**

MYTH Nashid Al-Amin,2013 Why is it that encyclopedias assert the Vikings or Norsemen landed in parts of North America yet the Vikings have never been credited with its discovery Historians bestow this honor on Christopher Columbus who ventured here five hundred years after the Vikings having never set foot on the continent True Myth Black Vikings of the Middle Ages takes the reader where he or she has never been before We have always been told that Vikings or Norsemen were tall blond white and blue eyed an image that has been presented to us in books and films Now comes a book that challenges this centuries old assertion presenting evidence that these vaunted warriors were not the people popular historians have told us they were The author presents evidence that white skinned peoples in England Ireland and Wales referred to Vikings as black pagans and black devils The extent of their dominance in Europe is examined in fact the author presents a reassessment of Europe that some readers will find difficult to believe beginning with man s migrations into the continent and examining a number of black skinned peoples who called Europe home from very ancient times almost to the present The reader has never read a book like this filled with quotations from noted historians as well as from several Icelandic sagas that will take the reader on a journey he or she has never imagined A more accurate picture of Europe has never been presented before The writer revisits the last ice age presents evidence of the heavy presence of blacks in ancient Europe and revisits ancient Greece Rome and areas of Asia discussing the presence of black skinned peoples in them before arriving in Viking age Scandinavia when Norsemen embarked on a three century long assault on the continent and began migrating to Iceland and other areas of North America Once the reader has completed True Myth Black Vikings of the Middle Ages he or she will have to question what he or she has been taught historians once thought to be trustworthy and the notion that the races were strictly divided and had never intermingled There has never been a truer picture of Europe written and the reader now has the opportunity to embark on the most thrilling journey he or she will ever take *Confronting Right Wing Extremism and Terrorism in the USA* George Michael,2003-09-02 This book examines the response to right wing extremism in the US from both the government and non governmental organisations It provides a detailed portrait of the contemporary extreme right in the US including interviews with several of the movement s leading figures from groups such as the Ku Klux Klan Militias American Renaissance and the White Aryan Resistance The author also explains how the

activities of these racist groups have been curbed due to the campaigning efforts of anti racist and anti fascist watchdogs who have helped to shape and influence government policy

Nationalism and Youth in Theatre and Performance Victoria Pettersen Lantz, Angela Sweigart-Gallagher, 2014-07-11 Nationalism and Youth in Theatre and Performance explores how children and young people

fit into national political theatre and moreover how youth enact interrogative patriotic and or antagonistic performances as they develop their own relationship with nationhood Children are often seen as excluded from public discourse or political action However this idea of exclusion is false both because adults place children at the center of political debates with the rhetoric of future generations and because children actively insert themselves into public discourse Whether performing a national anthem for visiting heads of state creating a school play about a country s birth or marching in protest of a change in public policy young people use theatre and performance as a means of publicly staking a claim in national politics directly engaging with ideas of nationalism around the world This collection explores the issues of how children fit into national discourse on international stages The authors focus on national performances by for with youth and examine a wide range of performances from across the globe from parades and protests to devised and traditional theatre Nationalism and Youth in Theatre and Performance rethinks how national performance is defined and offers previously unexplored historical and theoretical discussions of political youth performance
