From A To Zay:

From A to Zay Xavier Dotson, 2015-06-02 From A to Zay The Indie Guide to Music Production is years of successes and failures and how you can duplicate the things I did right and avoid the things I did wrong Let s get ready to go down the list of everything you need to know about music production and perhaps life from A to Zay Xavier Dotson The whole key to Xavier s success besides the obvious God faith family has always been his consistency to keep creating whether that s making beats writing hooks scoring films or coming up with ideas to further promote something he is involved in Most people want the fame and the trappings of success without sacrificing anything In this business or in anything you do there s a price to pay to get what you want Whatever is easy usually doesn t have a whole lot of value to it anybody can have it The key is to take the smallest of action steps every day and God will put the right people and situations in your life to get you to your destiny Let me repeat that Work on something every single day that will bring you closer to your goal Stop wondering what you can do and start acting Start acting like the person you want to be and you will become that person My story is about having a vision My hope is for you to discover your gifts focus on them and work until something magical happens Vision writing it down and working hard and letting God do the rest His name alone sets the tone for who he is what he does and the magnitude of his skill set Super producer Xavier Zaytoven Dotson copped his name from the German composer and pianist Ludwig van Beethoven because of the many similarities the two musicians share Both were born in Germany both mastered the organ and piano at a young age both boast a genuine interest in music and most notably possessed the same good foresight to align themselves with key people who could help further their careers For Beethoven it was the dignitaries of Vienna for Zaytoven it was Gucci Mane king of the streets of east Atlanta

Faer Sorrow A.S Wilshire,2013-09-11 Three distinct races of Faer had colonized nearly every corner of Lamerion in the millennia that they had lived in peace with the other forms of life that thrived on the land The most common race of Faer were the Atilles Faer who were characterized by two broad triangular wings and who lived in all corners of Lamerion The wingless Satran Faer were both smaller and less numerous than the Atilles Faer and had settled primarily in the south in small farming villages with Faer of their own kind The tallest and the rarest race of Faer a race known as Feenin and identified by four long elliptical wings had once been found throughout much of Lamerion yet now they dwell in small numbers in only a few villages with the Atilles and Satran Faer The spreading of Goblins and Trolls and Thyride had forced many Faer and animals to leave their homes and seek safety elsewhere Forests and lakes became devoid of all animals Some villages saw the slaughter of all inhabitants while other settlements were simply abandoned Lives were ended too soon as evil and darkness spread across the land The six Goddesses that nurtured Lamerion grieved even as They tried to aid the beings that They cherished The Goddesses brought together representatives from all three races of Faer and guided them as they fought to bring the Faer of Lamerion together to fight their enemies and to win back the land Victory and tragedy and love and sorrow followed the chosen group as they traveled across Lamerion at the behest of the Goddesses They touched all whom they met for their love and dedication toward one another regardless of race had not been seen or experienced for many generations From them other Faer learned to see strength and substance in those around them and began to follow the example set before them by the family that loved beyond the bounds of race
