Voyages Out, Voyages Home Jane de Gay, Marion Dell, 2018-09-15 The Eleventh Annual Conference on Virginia Woolf was the first to be held outside the United States This voyage across the Atlantic was the stimulus for an exploration of themes of voyaging in Woolf's works from her interests in travel and cross cultural encounters to her imaginative voyages between texts and genres and the subsequent voyages her texts have made into the work of others Published nine years after the conference this selection of papers by international scholars fills a gap in the chronicles of the Woolf conference For this reason several papers feature an Afterword outlining developments in research since 2001 and the book also includes a Bibliography of Publications Arising from the Conference facilitating access to research presented at Bangor but published elsewhere Another special feature of the volume is the tribute to one of the keynote speakers Julia Briggs who died in 2007 in which Beth Rigel Daugherty communicates the gratitude of the scholarly community for Julia's many contributions to Woolf studies This welcome publication is a fitting record of our collective voyage as Woolf scholars **The Reimagining of Place in English Modernism** Sam Wiseman, 2015 Analyses key texts by D H Lawrence John Cowper Powys Mary Butts and Virginia Woolf charting their respective attempts to forge new identities perspectives and literary approaches that reconcile tradition and modernity belonging and exploration the rural and the metropolitan *The Concepts of Identity in Virginia Woolf's "Mrs. Dalloway". A Comparison of the Personal and Public Identity Regarding Women during the Victorian Time* Elena Agathokleous, 2021-03-23 Essay from the year 2018 in the subject English Language and Literature Studies Literature grade A language English abstract This essay deals with the personal and public identity in Virginia Woolf's novel Mrs Dalloway The concept of identity is one that can be given many interpretations and meanings according to relevant components and aspects taken into consideration In this frame a severance between personal and social identity can be made

referring both to the individual's self but also the individual's social identity related to social conduct and aiming toward an accepted and well projected social self Clarissa Dalloway serves as a very clear example of that struggle between personal and public identity and especially regarding women of the Victorian time who by oppressing their true self aspirations feelings and wits were allowed to fit in the stereotypical role that society assigned to women Woolf Editing / Editing Woolf Eleanor McNeese, Sara Veglahn, 2018-08-30 Woolf Editing Editing Woolf focuses on Woolf as editor both of her own work and of the Hogarth Press and on editing Woolf on the conflation of textual and theoretical criticism of Woolf's oeuvre Since many contributors are editors creative writers and critics contributions highlight the intersections of those three roles The essays variously addressed the granite of close textual reading and the rainbow of theoretical approaches to Woolf's writings Several more flexible versions of editing emerge in the papers that discuss adaptations of Woolf to film theatre and music Brenda Silver's contribution in memory of Julia Briggs opens the volume and James Haule's contribution concludes it
