Loopholes of Real Estate Garrett Sutton, 2013-08-06 The Loopholes of Real Estate reveals the tax and legal strategies used by the rich for generations to acquire and benefit from real estate investments Clearly written The Loopholes of Real Estate shows you how to open tax loopholes for your benefit and close legal loopholes for your protection Summary of Garrett Sutton & Robert Kiyosaki's Loopholes of Real Estate Everest Media, 2022-04-05T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 There are two types of real estate loopholes those that can be opened and those that can be closed From a tax standpoint there are real estate loopholes to be opened From the legal side there are real estate loopholes to be closed 2 Real estate offers great financial advantages to those who understand the system It is easier to raise capital for real estate ventures than with other assets such as stocks bonds and tax deferred retirement funds 3 There are three types of income earned passive and portfolio Earned is what you get after a long day of work Passive is what comes to you from an investment such as real estate Portfolio income is what comes from the dividends and increases in value of paper assets such as stocks bonds and mutual funds 4 The point of this book is not to encourage you to invest only in real estate The Rich Dad philosophy is to diversify and put your savings and earnings into three different areas businesses real estate and paper assets *The Advanced Guide to Real Estate Investing* Ken McElroy, 2013-11-05 If you're interested in real estate investing you may have noticed the lack of coverage it gets in mainstream financial media while stocks bonds and mutual funds are consistently touted as the safest and most profitable ways to invest According to real estate guru Ken McElroy that's because financial publications tv and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services On the other hand real estate investment is something you can do on your own without a large amount of money up front Picking up where he left off in the bestselling ABC's of Real Estate Investing McElroy reveals the next essential lessons and information that no serious investor can afford to miss Building on the foundation of real estate investment 101 McElroy tells readers How to think and operate like a real estate mogul How to identify and close expert deals Why multifamily housing is the best real estate investment out there How to surround yourself with a team that will help maximize your money How to avoid paying thousands in taxes by structuring property sales wisely Important projections about the future of real estate investment **ABCs of Buying Rental Property** Ken McElroy, 2020-09-29 Many Americans dream of financial freedom but they're stuck in dead end jobs and don't know how to get there You don't need to be one of them If you invested 35 000 in the stock market today it could take 52 years for that investment to grow to 1 million But if you invested that same amount into one single family 140 000 rental property it would only take 19 years With just two rental properties you could generate 417 000 in profit in just 10 years Skeptical Good because that's the first sign of a smart investor This book will tackle that skepticism head on and give you confidence and a path to financial freedom THIS BOOK WILL TEACH YOU HOW TO Secure your investment money Find
