 When Liv Thorne was in her twenties and single she would joke to friends that if Mr Right didn t come along she d have to
 take matters into her own hands and have a child on her own When she was still single in her thirties it stopped being a joke
 and she started researching sperm banks and fertility clinics Liv s Alone is an honest and hopeful memoir that captures the
 joy and the challenge that is parenting alone by choice From dismantling the fairy tale story that we re fed from a young age
 and grieving the life you thought you were going to have to buying sperm from Denmark and bringing a baby into the world
 Guiding readers through the highs and lows with warmth humour and understanding Liv wants her book to be a little beacon
 of optimism for women who are in the same position she was in late 30s single and longing for a baby This is Liv Herb s story
