The Different Representation of Lady Macbeth's Character and Performance in a Stage and a Film Production

Lukas Jan, 2018-04-04 Seminar paper from the year 2016 in the subject Didactics for the subject English Literature Works grade 1 7 University of Tübingen language English abstract The use of Lady Macbeth as a byname nowadays is very common especially in politics Her special role her courage pride and demeanour impress us in such a way that we still compare a fictional character to real women who have similar characteristics like the First Lady for example The power and influence the First Lady has on her husband the President is sometimes underestimated as it also happened with Lady Macbeth in the tragedy In the United States the role of the First Lady is more important than anywhere else During the election campaign she supports and encourages her husband and also assists him in the presidency Edith Wilson for example substituted for her husband Woodrow Wilson when he was ill in 1919 and adopted the executive power of the U S government The reason Smith and Cook compare Mrs Wilson and other First Ladies with Lady Macbeth is not arbitrary Already in the original of Shakespeare's *The Tragedy of Macbeth* first performed in 1606 he represented Lady Macbeth as a very strong and influential woman and wife with a special firmness of character The popularity of the character and the tragedy itself brought forth many different productions and adaptations There are a lot of ways to understand interpret and implement Shakespeare's tragedies into movies and stage productions Each production pursues its own concept in staging and how the story shall be presented Therefore the production company chooses a director and cast who can opine their conception in the best way Hence they have the difficult and honourable task to implement this distinguished piece of work into a film or theatre production Marion Cotillard and Samantha Spiro who were both cast for a *Macbeth* production are two completely different actresses in their mannerism look and acting style but the companies thought that they were perfectly suited for the role of Lady Macbeth and so they had the difficult task to play her Marion Cotillard had already received many awards for her acting and became a very popular Hollywood actress during the final years She played Lady Macbeth opposite Michael Fassbender in the 2015 film production by Justin Kurzel Samantha Spiro played Lady Macbeth at the Globe theatre in London in 2013 This production was the directorial debut of Eve Best *Shakespeare and Character* P. Yachnin, J. Slight, 2015-12-04 Shakespeare and Character brings together leading scholars in theory literary criticism and performance studies in order to redress a serious gap in Shakespeare studies and to put character back at the centre of our understanding of Shakespeare's achievement as an artist and thinker *Dynamism of Character in Shakespeare's Mature Tragedies* Piotr Sadowski, 2003 The theory considers human behavior in terms of functional equilibrium between the stable properties of the mind independent from the pressures of the sociocultural environment and the immediate situational context What we call character thus denotes an autonomous configuration of psychological elements which remains stable despite the changing external circumstances *Characters of Shakespeare's Plays* William Hazlitt, 1845 *The Complete Works of William*

Shakespeare William Shakespeare, 1901 Characters of Shakespeare's Plays. By William Hazlitt. Third edition. Edited by his son William Hazlitt, 1848 **William Shakespeare** Alessandro De Vivo, 2009-08 Seminar paper from the year 2002 in the subject English Language and Literature Studies Literature grade 2.0 University of Education Ludwigsburg 5 entries in the bibliography language English abstract I would like to base my essay on the protagonist Macbeth Probably composed in late 1606 or early 1607 Macbeth is the last of Shakespeare's tragedies the others being Hamlet King Lear and Othello If Hamlet is the grandest of Shakespeare's plays Macbeth is from a tragic standpoint the most sublime and the most impressive as an active play If we just consider the plot Macbeth is a relatively simple play In fact like Richard III and numerous pre-Shakespearean plays it deals with a traditional form the rise and fall of a great man In the first part of the play we read about Macbeth's rise to power then he manages to become king of Scotland From this moment on he begins with a period of tyranny that will end with Macbeth's death and the accession to the throne of the legitimate king For this reason he can be considered as the epitome of a tragic hero In the course of the play we notice a great development of Macbeth's character At the beginning he is a man much honoured by his countrymen for his leading and courageous part in defence of his good king and native land During many conflicts he showed his great courage and he continues showing this personal quality also when he becomes king and he has to take a lot of difficult decisions But this first description about Macbeth's character is not the definitive one in fact as soon as we meet him we find out also his negative qualities for example that he is both ambitious and murderous It happens when the two Scottish generals Macbeth and his friend Banquo returning victorious from the great battle against a rebel army assisted by the troops of Norway meet three witches in the middle of the road They begin to speak to Macbeth the first of them greets him with the title of Thane of Glamour
