**Tibor Karolyi**

## **Magnus Carlsen :**

Magnus Carlsen: 60 Memorable Games Andrew Soltis, 2020-11-12 Following on from the long success of one of the most important chess books ever written Bobby Fischer My 60 Memorable Games renowned chess writer Andrew Soltis delivers a book on today's blockbuster chess player Magnus Carlsen Magnus Carlsen has been the world's number one player for more than a decade has won more super tournaments than anyone ever and is still in his prime He is the only player to repeatedly win the world championships in classical speed and blitz chess formats This book details his remarkable rise and how he acquired the crucial skills of 21st century grandmaster chess He will defend his world championship title this autumn and if he wins it will set a record of five championship match victories This book takes you through how he wins by analysing 60 of the games that made him who he is describing the intricacies behind his and his opponent's strategies the tactical justification of moves and the psychological battle in each one

### **Endgame Virtuoso Magnus Carlsen**

Tibor Karolyi, 2018-07-20 Magnus Carlsen's brilliant endgame play has been one of the key reasons for his success At the age of 13 the Norwegian became the youngest grandmaster in the world at 19 the youngest number one in the FIDE world rankings and at 22 the second youngest World Champion in history With his fine technique great inventiveness and an iron determination Magnus has won countless endgame positions in which almost everyone else would have settled for a draw He also has saved endgames that seemed impossible to hold International Master Tibor Karolyi has studied Carlsen's career and selected more than 90 of his best endgames He reviews them in chronological order to show how Magnus developed his skills His technique and his choices are being explained in a manner that is easy to understand for club players Endgame Virtuoso Magnus Carlsen will help you to appreciate Magnus endgame magic and shows you how to become a better endgame player yourself A highly instructive inspiring and entertaining book

### **How Magnus Carlsen Became the Youngest Chess**

**Grandmaster in the World** Simen Agdestein, 2013-10-01 At the age of 13 years 4 months and 26 days Magnus Carlsen became the youngest chess grandmaster in the world The international press raved about the Norwegian prodigy The Washington Post even called him the Mozart of chess Ten years on Magnus Carlsen is the number one in the world rankings and a household name far beyond chess circles Time Magazine listed him as one of the 100 most influential people in the world in 2013 How Magnus Carlsen Became the Youngest Chess Grandmaster in the World is the fairy tale like story of his rise The story teller could not have been better qualified Simen Agdestein trained Magnus in the years leading up to his grandmaster title repeatedly pinching himself in amazement at his pupil's lightning progress While you follow Magnus on his wonderful journey Agdestein is your guide providing insights into the Carlsen family life and explaining the secrets of Magnus play in clear and instructive comments This is an inspiring book for any chess player It will fascinate parents and help gifted children to realize their full potential

**The Grandmaster** Brin-Jonathan Butler, 2019-11-12 A bravura performance An entertaining book Kirkus Reviews about the dramatic 2016 World Chess Championship between Norway's

Magnus Carlsen and Russia's Sergey Karjakin which mirrored the world's geopolitical unrest and rekindled a global fascination with the sport. The first week of November 2016, hundreds of people descended on New York City's South Street Seaport to watch the World Chess Championship between Norway's Magnus Carlsen and Russia's Sergey Karjakin. By the time it was over, it would be front-page news and thought by many the greatest finish in chess history. With both Carlsen and Karjakin just twenty-five years old, it was the first time the championship had been waged among those who grew up playing chess against computers. Originally from Crimea, Karjakin had recently repatriated to Russia under the direct assistance of Putin. Carlsen meanwhile had expressed admiration for Donald Trump, and the first move of the tournament he played was called a Trompowsky Attack. Then there was the Russian leader of the World Chess Federation being barred from attending due to US sanctions, and chess fanatic and Trump adviser Peter Thiel being called on to make the honorary first move in sudden death. That the tournament even required sudden death was a shock. Oddsmakers had given Carlsen the defending champion an eighty percent chance of winning. It would take everything he had to retain his title.

Author Brin Jonathan Butler was granted unique access to the two and half week tournament and watched every move. The Grandmaster is not the usual chronicle of a world championship chess match. Butler offers insight into what it takes to become the best chess player on the planet. A vibrant and provocative look at chess and its metaphorical battle for territory and power. Booklist Endgame Virtuoso Magnus Carlsen Tibor Karolyi, 2023-03-23. Magnus Carlsen's brilliant endgame play is one of the key reasons for his success. The World Chess Champion can win positions which look drawn to anybody else. And more than any other player, he is able to save bad endings. For this second volume of Magnus Carlsen Endgame Virtuoso, International Master Tibor Karolyi has selected Carlsen's best endgames from 2018-2022, whereas the first volume covered 1999-2017. Reviewing these new games and explaining what Magnus was doing, the author was thoroughly impressed. Even Carlsen, who in 2017 was already the best endgame player of all time, with Anatoly Karpov had managed to improve his skills further. Carlsen has it all. He can find deep ideas, play very technically, and is exceptionally well-versed in strategic and tactical endgames. The author is convinced that this new selection contains even better and more instructive games than Volume one. Karolyi explains the general ideas in the games and gives concrete variations. Exploring these annotated endgames, you will soon get a good sense of what is happening. You will find out that Carlsen does not rush unless it is necessary. You will learn how Carlsen increases the pressure and uses all available resources. And you will see that sooner or later his opponents will start playing second best moves, feeling uncomfortable, following up with some dubious decisions, and finally cracking. Endgame Virtuoso Magnus Carlsen Volume 2 is a highly instructive, inspiring, and entertaining book. It will help you appreciate Magnus' endgame magic and improve your skills in this important game phase.

**How to Beat Magnus Carlsen** Cyrus Lakdawala, 2020-12-04. Magnus Carlsen is arguably the strongest player of all time. His dominance is such that every loss comes as a shock. They remind us that even he has his weak moments. In fact, identifying the root causes of his losses holds valuable lessons for all.

players Cyrus Lakdawala's search starts with a series of Magnus wins and draws to give the reader a feel for how incredibly difficult it is to beat him. The World Champion's arsenal is awesome: a superlative ability to concentrate and calculate, near perfect intuition, probably the best endgame technique ever, a wide and creative opening repertoire, a willingness to unbalance the position almost anytime, and last but not least, his unparalleled will to win.

**How to Beat Magnus Carlsen** has a thematic structure which, together with Lakdawala's uniquely accessible style, makes its lessons easy to digest. Sometimes even Magnus gets outplayed; sometimes he overpresses and goes over the cliff's edge, and sometimes he fails to find the correct plan. And yes, even Magnus Carlsen commits straightforward blunders. Lakdawala explains the how and the why. This fascinating collection includes the game that put an end to the longest non-losing streak in classical games in chess history. It lasted more than two years and 125 games and ended when Jan Krzysztof Duda beat Magnus Carlsen at the Altibox tournament in Stavanger on October 10, 2020. It's wonderful to have a World Champion who is not just incredibly strong but who is also happy to experiment and take risks. That's what makes Magnus Carlsen such a fascinating chess player. And that's why he is the hero of this book. There is no doubt that Carlsen has examined all his losses under a microscope. If he benefits from this process, then so will we.

*Magnus Carlsen* Jonathan Tisdall, 2022-01-15. The life of Magnus Carlsen in more than 250 pictures, from prodigy to World Chess Champion.

**The Magnus Method** Emmanuel Neiman, 2021-11-07. What is it that makes Magnus Carlsen the strongest chess player in the world? Why do Carlsen's opponents, the best players around, fail to see his moves coming? Moves that, when you replay his games, look natural and self-evident. Emmanuel Neiman has been studying Carlsen's games and style of play for many years. His findings will surprise, delight, and educate every player, regardless of their level. Neiman explains a key element in the World Champion's play: instead of the absolute best move, he often plays the move that is likely to give him the better chances. Carlsen's singular ability to win positions that are equal or only very slightly favorable comes down to this: he doesn't let his opponents get what they hope for while offering them the maximum amount of chances to go wrong. In areas such as pawn play, piece play, exchanges as a positional weapon, and breaking the rules, Neiman shows that Magnus Carlsen has brought a new understanding to the game. He also looks at Carlsen's key qualities that are not directly related to technique. Such as his unparalleled fighting spirit and his ability to objectively evaluate any kind of position and situation. Carlsen is extremely widely read and knows basically everything about chess. What's more, as the most versatile player in the history of the game, he is totally unpredictable. The Magnus Method presents a complete analysis of the skills that make the difference. With lots of surprising and instructive examples and quizzes. Examining Carlsen's abilities together with Emmanuel Neiman is a delightful way to get to unlock your own potential.

Tactics Training - Magnus Carlsen Frank Erwich, 2016-02-02. Have you always wanted to play chess like a World Champion? This tactics training book gives you the opportunity to make the same winning moves as Carlsen did in his games. One hundred training exercises are offered here. You only have to find the move that Carlsen played. The puzzles start

at a moderate level and gradually get more difficult Can you be as sharp as the current World Champion Carlsen Cyrus Lakdawala,2014-09-30 Fighting Chess with Magnus Carlsen Adrian Mikhalchishin,Adrian Mykhal'chyshyn,Oleg Stetsko,2012 Presents detailed annotations to sixty four of the best games of Magnus Carlsen an elite and well known chess player **Magnus Carlsen's Most Instructive Games** Martyn Kravtsiv,2021-03-04 Magnus Carlsen is the greatest chess player of the 21st century His tactical wizardry strategic inventiveness technical expertise and legendary fighting spirit put him head and shoulders above all other players They also make his games tremendously instructive To extract the best lessons from this amazing source material Gambit has commissioned Martyn Kravtsiv a Ukrainian grandmaster from the same generation as Carlsen in fact they were born just a few days apart He has annotated these 42 games from a thoroughly modern perspective and with an innate understanding of the impact Carlsen s play has had on modern chess In each game Kravtsiv picks out a key point the Magnus Moment where he demonstrates the special insight that sets him apart from other players Perhaps he clarifies a messy situation confident in his technical ability Or sacrifices to gain practical chances in a game that has not gone to plan Throughout the emphasis is on how Carlsen makes life hard for his opponents in any way he can whatever the objective assessment of the position on the board Each game is a themed lesson on an important chess topic The bulk of the book addresses the fight for advantage and initiative in the middlegame but there are also chapters focusing on opening ideas endgame play and human factors Martyn Kravtsiv is a grandmaster from Lviv Ukraine His tournament results include tied first places at Cappelle in 2012 and the 2015 Ukrainian Championship He represented his country at the 2017 World Team Championship and was a coach for the team that won silver medals at the 2016 Olympiad

**Magnus Carlsen's Middlegame Evolution** Ivan Sokolov,2022-08 Magnus Carlsen s mastery of the middlegame is astonishing even by the standards of World Champions But how did this power develop and what can the rest of us learn from it Magnus Carlsen s Middlegame Evolution allows the reader to celebrate the brilliance of the highest rated chess player in history while learning from his example With insightfully annotated games Ivan Sokolov takes us inside the mind of a chess genius **Magnus Carlsen for Dummies** Lyudmil Tsvetkov,2021-08-10 The book presents 30 games of the

Norwegian chess champion Magnus Carlsen from his earlier career annotated move by move The comments are short and easy avoiding concrete variations so everyone can understand the deeper logic behind the play of Carlsen Ideal for people wishing to learn more about the famed Norwegian champion the book is also ideal for those wishing to learn more about the deeper implementations of chess strategy without going into too much detail **Magnus Wins With White** Zenon Franco,2020-08 In Magnus Wins With White Grandmaster Zenon Franco deeply analyses 32 of Magnus Carlsen s most instructive games where he wins with the white pieces This book is written in move by move style a good training tool containing exercises and tests This format is a great platform for studying chess improving both skills and knowledge as the reader is continually challenged to find the best moves and the author provides answers to probing questions throughout

Most of the games are taken from Magnus's recent career including one from 2020 and eight from 2019. His opponents are nearly all super grandmasters and they include former world champions Viswanathan Anand and Vladimir Kramnik as well as Wesley So, Maxime Vachier-Lagrave, Alexander Grischuk, Levon Aronian, Boris Gelfand, and naturally Anish Giri. In the majority of these games, Magnus demonstrates his ability to outplay his opponents in the middlegame by simply making stronger moves and applying constant pressure that eventually forces the opponent to crack and play weaker moves. In some games, however, this takes place in the endgame. A second book, Magnus Wins With Black, is forthcoming. With a foreword by Magnus Carlsen's Chief Second and Coach Peter Heine Nielsen.

**Play Like a World Champion** F. M. Bill Jordan, 2019-08-11

**Introduction** This book is similar to Rate Your Chess and Rate Your Chess 2, which proved surprisingly popular. It uses a system developed by FIDE master Bill Jordan for coaching. This book features Magnus Carlsen, who became world chess champion in 2013 after defeating Viswanathan Anand. Carlsen was from Norway. Carlsen was a great strategist and endgame player. How many of his moves can you guess? Playing through Games Playing through master games is a proven method of improving. One method is to take one side, usually the winning side, and guess the next move. In the pre-computer era, this could be done by covering up the moves with a sheet of cardboard. If you guessed correctly, you will score. With practice, you will correctly predict more moves. Doing so helps develop chess fluency. One suggested approach was not to take too long on the moves, say about 10 seconds or so. You could score correct guesses. If the move was totally unexpected, then it would be a good time to see if you could understand why the move was played. Every move should have a clear idea behind it. If you cannot see the idea, there is a learning opportunity there. Here, there is between one and four choices. This is similar to a multiple-choice exam. This is easier than looking at all moves and may mean you examine some moves you would not have normally considered. Diagrams This book has many large, clear, colour diagrams. You do not need a chess set and board to read this book. You do need to know how to read standard chess notation.

**How to Score** This book consists of games from World Championships with brief annotations for each move. You may simply play over the games for their own sake. To get the most out of this book, you play through the games and take the role of the winning player. The winning player will always be playing up the board. Initially, all the details of the games will be displayed. For a number of opening moves, you will not need to guess the move. The number will vary from game to game and will generally be between 8 and 10 moves for each side. After these opening moves have been played, you will then try and predict the winning player's moves. Your choice will be selected from a number of candidate moves. If you guess correctly, you will score points which will range from 0 to 6. You can either write down or otherwise keep track of your total score and see what category you reach.

**Rating** The score for each game will always be out of 100. Scores may vary from game to game, so to get a consistent rating average, your score over 10 games. These are based on the FIDE, The international chess federation rating system developed by Professor Elo. The rating of 2500 is an approximation of the strength needed to be a Grandmaster. After you have finished a game, find what range your

score is in the left column Your approximate rating is in the right column 91 100 2500 81 90 2400 2499 71 80 2200 2399 61 70 2000 2199 51 60 1800 1999 41 50 1600 1799 31 40 1400 1599 21 30 1200 1399 11 20 1000 1199 0 10 below 1000 The challenge is to increase your rating with each game Further Books Depending on feedback I will publish further books in this series based on the following World champions Steinitz Lasker Capablanca Alekhine Euwe Botvinnik Smyslov Tal Petrosian Spassky Fischer Karpov Kasparov Anand Carlsen

**Endgame Tactics Training Magnus Carlsen** Frank Erwich, 2018-04-30 Magnus Carlsen 1990 became World Champion in 2013 by winning the World Championship Match against Viswanathan Anand with 6 5 3 5 In 2014 Carlsen defended his title by defeating the Indian again 6 5 4 5 And in 2016 Carlsen retained his crown prevailing over Sergey Karjakin Their match ended in a 6 6 tie but Carlsen won the rapid tiebreak On January 2010 Carlsen became the youngest ever chess player to claim the first spot in the World Rankings Since July 2011 he never let go Carlsen s fabulous endgame technique is without doubt one of the key reasons for his success The World Champion regularly tops the best players in the world in objectively equal endgames as if it were a piece of cake British chess grandmaster Daniel Gormally after another endgame victory by Carlsen in Tata Steel Chess 2018 If there was an Endgame World Championship Carlsen would be World Champion for the next fifty years To improve your endgame skills several things can be done For instance there are a number of known theoretical positions you can study and play out until you have mastered the technique which is necessary to overcome your opponent For sure this can be a good method but it is certainly not the only way to become an endgame specialist GM Andrew Soltis author of What it Takes to Become a Chess Master has this advice You don t have to know esoteric technical positions Just work out the tactics In fact one of the best ways to improve your winning technique is to work on endgame tactics Looking at the games of Magnus Carlsen Soltis seems to have a point Tactics do play an important role in his endings In this training book positions are selected from Magnus games in the period 2001 January 2018 Positions are without queens or with the queens and at most one piece for each side Try this training book and see if you are able to play the same winning moves as the World Champion did You will face 110 Endgame Tactics in which Carlsen turned the game into his favour The puzzles start at a moderate level and gradually get more difficult We have selected 100 new puzzles Ten bonus exercises appeared earlier in New in Chess Magnus Carlsen Tactics Training By solving the exercises you will not only improve your tactical abilities but also your endgame skills

**Magnus Wins With Black** Zenon Franco, 2020-09-24 In Magnus Wins With Black Grandmaster Zenon Franco deeply analyses 30 of Magnus Carlsen s most instructive games where he wins with the black pieces This book is written in move by move style a good training tool containing exercises and tests This format is a great platform for studying chess improving both skills and knowledge as the reader is continually challenged to find the best moves and the author provides answers to probing questions throughout It is the second of two volumes written by Franco for Elk and Ruby Publishing House on the games of Magnus Carlsen His first volume Magnus Wins With White has proved to be an international best seller The main

difference between these games and those in the previous book is that fewer of them are attacking games than when Carlsen plays White This should not come as a surprise because White has more chances to dictate the game scenario Nevertheless there are still some examples in this volume where Carlsen wins by attack Another important difference is that there are more endings in this volume which is also understandable What remains unchanged is that the fights are always intense Carlsen never stops trying to win the game no matter if objectively his chances are small There are several examples where at some point his opponents collapse unable to withstand the tension that Carlsen maintains in the game Most of the games are taken from Magnus's recent career including one from 2020 and six from 2019 His opponents are nearly all super grandmasters and they include former world champions Viswanathan Anand and Vladimir Kramnik as well as Fabiano Caruana Maxime Vachier Lagrange Alexei Shirov Levon Aronian Ding Liren Ian Nepomniachtchi and Anish Giri

Carlsen Vs. Caruana Niclas Huschenbeth, 2018-11

Learn from the Games of the Best Two Chess Players in the World In every sport there is that one match up that electrifies the fans In soccer you have Ronaldo vs Messi In tennis Federer vs Nadal And in chess there is Carlsen vs Caruana The rivalry of reigning World Champion Magnus Carlsen and Fabiano Caruana began 2010 in the Dutch village Wijk aan Zee Since then they have crossed swords 55 times in classical rapid and blitz chess All their games against each other are annotated in this book with a special focus on the decisive classical games GM Niclas Huschenbeth gives detailed move to move explanations and decodes the complexities of the game with the aim to improve the reader's chess understanding After all what could be better suited to enhance one's understanding than to study the games of the two best chess players on the planet From the introduction What You Will Learn From This Book Have you ever played through a top level chess game and asked yourself Why in the world did he play that move or This move does not make any sense what's the idea behind it If so I can completely sympathize Learn from the best Analyze their games Understand what they are doing and how they are doing it These were the words of my coach when I was in my youth aspiring to become a good player myself And I did Or rather I tried All too often though I found myself scratching my head when playing through the games of Kasparov Kramnik Co What was the idea behind this move Why didn't he play that move instead Back then the computers were too weak to be of any help These days they are a bit more useful They tell you the best move and the correct evaluation But they still do not tell you why It's like trying to work out a difficult math problem and then just being shown the final solution No learning happens I was lucky to have my coach guide me through the jungle that chess often is But not everybody is so fortunate to have a great coach This is why I wrote this book In this book I decode the sometimes mysterious moves and explain the ideas behind them To me chess boils down to two basic skills understanding and calculation Finding the right plans and finding ways to execute them the two go hand in hand But in training we often compartmentalize focusing on one specific topic let's say how to play with the bishop pair or good knight vs bad bishop But chess does not work like that After all the beautiful thing about chess games is that you usually have some elements of

everything This is why I always found game analyses to be the most rewarding You learn about chess as a whole and not about one specific detail It is not without reason that about every coach recommends the study of one s own games as well as the games of the very best

**Carlsen's Assault on the Throne** Vassilios Kotronias,Sotiris Logothetis,2013 In 2013 chess returned to world headlines The energetic Norwegian prodigy Magnus Carlsen was front page news and his fans were not disappointed the World Number 1 won the World Championship Carlsen s Assault on the Throne gives an inside view of Carlsen s dramatic journey from one of eight challengers in the London Candidates tournament with the near disaster in the final rounds ending with triumph in Chennai With behind the scenes stories and top level analysis of the games Kotronias Logothetis have written the ultimate book on how Carlsen became the 16th undisputed World Chess Champion This hardcover edition includes over a hundred color photographs

This is likewise one of the factors by obtaining the soft documents of this **Magnus Carlsen** by online. You might not require more grow old to spend to go to the ebook launch as capably as search for them. In some cases, you likewise attain not discover the revelation Magnus Carlsen that you are looking for. It will totally squander the time.

However below, considering you visit this web page, it will be fittingly extremely easy to acquire as skillfully as download guide Magnus Carlsen

It will not give a positive response many time as we tell before. You can attain it even if proceed something else at house and even in your workplace. so easy! So, are you question? Just exercise just what we pay for under as competently as review **Magnus Carlsen** what you afterward to read!
