Malabar Manual By William Logan:

MALABAR MANUAL by William Logan , Commentary William Logan s Malabar is popularly known as Malabar Manual It is a huge book of more than 500 000 words It might not be possible for a casual reader to imbibe all the minute bits of information from this book However in this commentary of mine I have tried to insert a lot of such bits and pieces of information by directly quoting the lines from Malabar On these quoted lines I have built up a lot of arguments and also added a lot of explanations and interpretations I do think that it is much easy to go through my Commentary than to read the whole of William Logan s book Malabar However the book Malabar contains much more items than what this Commentary can aspire to contain This book Malabar will give very detailed information on how a small group of native Englishmen built up a great nation by joining up extremely minute bits of barbarian and semi barbarian geopolitical areas in the South Asian Subcontinent

A Commentary on the Malabar Manual Written by William Logan VOL 1 V. E. D. from VICTORIA INSTITUTIONS,2018-01-03 William Logan s Malabar is popularly known as Malabar Manual It is a huge book of more than 500 000 words It might not be possible for a casual reader to imbibe all the minute bits of information from this book However in this commentary of mine I have tried to insert a lot of such bits and pieces of information by directly quoting the lines from Malabar On these quoted lines I have built up a lot of arguments and also added a lot of explanations and interpretations I do think that it is much easy to go through my Commentary than to read the whole of William Logan s book Malabar However the book Malabar contains much more items than what this Commentary can aspire to contain This book Malabar will give very detailed information on how a small group of native Englishmen built up a great nation by joining up extremely minute bits of barbarian and semi barbarian geopolitical areas in the South Asian Subcontinent First of all I would like to place on record what my interest in this book is I do not have any great interest in the minor details of Malabar or Travancore Nor about the various castes and their aspirations claims and counterclaims My interest is basically connected to my interest in the English colonial rule in the South Asian Subcontinent and elsewhere I would quite categorically mention that it is English colonialism and not British Colonialism which has a slight connection to Irish Gaelic and Welsh Celtic language populations Even though I am not sure about this I think the book Malabar was made as part of the Madras Presidency government s endeavour to create a district manual for each of the districts of Madras Presidency William Logan was a District Collector of the Malabar district of Madras Presidency Logan has claimed the authorship of this book There are locations where other persons are attributed as the authors of those specific locations Also there is this statement The tidy fact is that the whole book has been tampered with or doctored by many others who were the natives of this subcontinent Their mood and mental inclinations are found in various locations of the book The only exception might be the location where Logan himself has dealt with the history writing More or less connected to the part where the written records from the English Factory at Tellicherry are dealt with His claim asserted or hinted at of being the author of the text wherein

he is mentioned as the author is in many parts possibly a lie The book Malabar ostensibly written by William Logan does not seem to have been written by him It is true that there is a very specific location where it is evident that it is Logan who has written the text However in the vast locations of the textual matter there are locations where it can be felt that he is not the author at all **A Commentary on the Malabar Manual Written by William Logan Vol 2** V. Naeem Qureshi, 1999 This book deals with the Khilafat movement 1918 1924 in British India which aimed at mobilizing pan Islam for saving Ottoman Turkey from dismemberment and securing political reforms for India It also examines the gradual transition of Muslim politics from pan Islam to territorial nationalism **Sex, Gender and the Sacred** Joanna de Groot, Sue Morgan, 2014-04-03 Sex Gender and the Sacred presents a multi faith multi disciplinary collection of essays that explore the interlocking narratives of religion and gender encompassing 4 000 years of history Contains readings relating to sex and religion that encompass 4 000 years of gender history Features new research in religion and gender across diverse cultures periods and religious traditions Presents multi faith and multi disciplinary perspectives with significant comparative potential Offers original theories and concepts relating to gender religion and sexuality Includes innovative interpretations of the connections between visual verbal and material aspects of particular religious traditions *Musaliar King* Abbas Panakkal, 2024-09-10 This book delves into decolonial saga of Malabar through the eyes of a native chronicler and uncover the hidden truth behind the Musaliar King the media moulded monarch by colonial misnomers This richly woven narrative illuminates inter community alliances amidst turmoil and exposes calculated colonial stratagems that obscured sacrifices made by natives The narrative serves as a corrective lens shedding

light on the valiant deeds often overshadowed by colonial narratives Readers are taken on a transformative journey where historical understanding is reshaped and the vernacular valour embedded in the history of Malabar comes to the forefront Navigate the contours of a contentious issue surrounding a photograph as the author masterfully challenges its authenticity This eloquent journey transcends the mere exploration of historical facts it is a symphony of identity sacrifice and community resilience A literary gem for aficionados of history this monograph invites readers to savour the beauty of Malabar s tumultuous past promising a profound understanding of the events that have shaped its captivating history This book debunks controversial narratives and confronts the misidentified reshaping historical understanding and revealing the spirit within Malabar s untold stories of solidarity and sacrifice

Software codes of mantra, tantra, witchcraft, black magic, evil eye, evil tongue &c. VED from VICTORIA INSTITUTIONS, This book can be downloaded as a PDF file from here Prologue This is not a guide book for studying any occult art Instead it is a writing that proposes to take up the possibility of there being a real machinery behind the working of so called mantra tantra evil eye black magic voodoo etc This book does not teach any of the above mentioned arts Yet it does try to find a pathway or opening by which we can find or enter the supernatural arena from where the supernatural software codes of reality and life is designed and maintained It is a writing that tries to discuss a probability that is not connected to material sciences Instead it proposes to examine the possibility of there being a supernatural software application location wherein reality might be seen in the code view as well as the design view These two views are apart from the real view which is the physical reality The ultimate aim of this book is to propose a pathway via which we can approach the supernatural software location where all of reality life living organisms brain software English versus the feudal languages around 1989 The final version of the book was completed around 2000 In the concluding part of that book I did hint about the possibility of there being something akin to a software background to reality And that languages are software applications with varied capacities In around the year 2005 I wrote a series of posts in a GB website on the same subject It was basically a lot of unconnected themes all pointing to the same theme This I later published as a digital book under the name Software codes of reality life and languages Then my next major book on the subject came out with the name Codes of reality What is language Here again the same theme of connecting the idea of there being a software realm behind reality and that languages have software codes which can directly connect to the software of reality was elaborated The focus was on languages being sort of software applications through which physical reality could be influenced Still the theme was going forward only in very brief paces A few years ago I had to write a series of posts for supporting the contentions of Homoeopathy by basing the ideas from my understandings That Homoeopathy does work on the principle of a software program rectifying the software of life and human body The book title was The machinery of Homoeopathy Recently I happened to read Edgar Thurston s Omens and Superstitions of Southern India It was at that time that I pondered upon reworking out the arguments from the perspective of mantra tantra black magic witchcraft etc The first thing

I did was to create a very readable form of that book As I went on doing that work I could get to read the book also This present book is being promoted as a Commentary on Omens and Superstitions of Southern India However only the last part of this book really is a sort of commentary Even in that part it is not exactly a commentary I merely quoted some sentences from his book and elaborated upon them as per what I wanted to convey Edgar Thurston s Omens and Superstitions of Southern India is definitely a great book My writings do not aim to go against that book This book of mine does contain a lot of mentions about Thurston s book This book commences by mentioning OMENS AND SUPERSTITIONS OF SOUTHERN INDIA However it moves beyond to a wider ambit It returns to Thurston s book at the end as a commentary However a mention of Thurston s book can be felt all along I have used a few images from other old public domain books These images are mainly taken from my own collection from such books Due to some issues I do not have the exact record as to where I got some of the images I believe that such images have been taken from Edgar Thurston s Castes and Tribes of Southern India Before commencing the reading of the book the reader is further informed that in various locations the text would seem to be dealing with cultural aspects However without clearly mentioning these things it would difficult to go directly into the effects of supernatural software codes DEVERKOVIL September 10th 2016 *TRAVANCORE STATE MANUAL* by V Nagam Aiya VED from VICTORIA INSTITUTIONS, TRAVANCORE STATE MANUAL was written in the closing years of the 1800s It is a fascinating book in that the perspective of historical events that took place in the region known as the Indian Peninsula is markedly different from what is being taught in current day schools and colleges There is need to bring this book out in a very readable form That is what has been attempted here VED from VICTORIA INSTITUTIONS has written a commentary which aims to elucidate the various differences in perspective and also tries to focus on varying issues which are nowadays hidden away from public knowledge What ultimately comes out as background of unvarying strength is the fact that the English rule especially that by the English EAST INDIA COMPANY was really of benign qualities towards the common man of this area This book contains the story of an independent kingdom at the southern most end of the South Asian Peninsula which lost its independence in 1947 in the wake of a fool coming to power in England **Islamic Reform and Colonial Discourse on Modernity in India** Jose Abraham,2014-12-09 In Kerala Vakkom Moulavi motivated Muslims to embrace modernity especially modern education in order to reap maximum benefit In this process he initiated numerous religious reforms However he held fairly ambivalent attitudes towards individualism materialism and secularization defending Islam against the attacks of Christian missionaries *The Rough Guide to Kerala* David Abram,2010-11-01 The Rough Guide to Kerala will guide you through India s tropical southwest tip with reliable information and clearly explained cultural background Whether you re looking for great places to eat and drink inspiring accommodation or the most exciting things to see and do you ll find the solution Discover Kerala with stunning photography and information on everything from the best beaches and lagoon resorts to treehouse hideaways on tea plantations in the hills Plus you ll find extensive coverage of

attractions in the region from the tranquil beaches backwaters and rice barges to elephant processions kathakali dance drama and temple festivals Accurate maps backed up by full colour sections showcasing the state s vibrant theatre traditions make The Rough Guide to Kerala your ultimate travelling companion Make the most of your trip with The Rough Guide to Kerala
