Management Information Systems: the Manager's View Schultheis, 1991

Management Information Systems for the Information Age Stephen Haag, Maeve Cummings, Donald J. McCubrey, 2002 This book maintains the unique overall approach of the successful second edition the right mix of traditional and leading edge topical coverage along with many hands on problem solving projects Haag works well for professors and students who want a very interactive engaging experience and for those who want to see a strong tie to the latest and greatest on the Internet and corresponding textbook website The book is equally appropriate for both business and non business majors This revision now clearly distinguishes between technical and managerial topics key to MIS by organising the technology coverage into modules and the managerial material into chapters In response to feedback from both users and non users the chapters have been slightly reorganised to incorporate increased coverage of E Commerce and E Business now a full chapter 5 Pedagogical features have been retained but fine tuned and the vibrant design has been toned down to reflect fewer features on a page

Management Information Systems James A. O'Brien, George M. Marakas, 2013-07

Management Information Systems Charles Parker, 1993-12-01

Management Information Systems R. Kelly Rainer, Brad Prince, Hugh J. Watson, 2015-07-13 The 3rd Edition of Management Information Systems promotes active learning like no other text in the market Each chapter is comprised of tightly coupled concepts and section level student activities that transport your students from passively learning about IS to doing IS in a realistic context The integration of Microsoft Excel and Access exercises at the end of every chapter enables students to practice their Microsoft application skills in the context of the chapter material

Management information systems James A. O'Brien, 2003-03-31 O'Brien's latest edition provides real world business and managerial coverage of information technology along with case studies and tutorials making it perfect for undergraduate and introductory MBA courses in management information systems This blend of up to date text and cases is aimed at preparing students to use and manage information

technology in the fast changing business world of today All cases are from 2002 sources including the longer Appendix cases These are current illustrations of industry practice directly related to concepts discussed in each chapter Web exercises can be found in all chapters for instructors who want to emphasize practice with hands on skills and apply application software and Internet solutions to business problems Coverage of data warehouse data mining and other database concepts has been increased to emphasize their importance to E Business and E Commerce databases and their implementation in the real world of business

Management Information Systems Effy Oz,2004 This text is a revision of our highest level most strategic introduction to MIS text What sets this book apart from others is its managerial focus and its unique case approach In addition the new fourth edition has been revised for currency throughout and offers new end of chapter real world cases
