**Deliverance from Error** Ghazzālī, Abu Hamid Muhammad al-Ghazali, Richard Joseph McCarthy, 1999 This spiritual autobiography describes Imam Abu Hamid al Ghazali s intellectual crisis which led him to achieve direct knowledge of God Among his most outstanding contributions to Muslim intellectual life were masterly defenses of Islamic orthodoxy mysticism and law against the attacks of those who advocated purely legalistic or entirely esoteric readings of the religion He hence articulated the Islam of the middle way in balance between the extremes of the letter and the spirit Also included in this volume are extensive translations from key works of al Ghazali

*Some New World* Peter Harrison, 2024-04-18 This masterful contribution to intellectual history offers a better understanding of secular modernity by focusing on naturalism supernaturalism and belief

*The Impossible State* Wael B. Hallaq, 2012-11-20 Wael B Hallaq boldly argues that the Islamic state judged by any standard definition of what the modern state represents is both impossible and inherently self contradictory Comparing the legal political moral and constitutional histories of premodern Islam and Euro America he finds the adoption and practice of the modern state to be highly problematic for modern Muslims He also critiques more expansively modernity s moral predicament which renders impossible any project resting solely on ethical foundations The modern state not only suffers from serious legal political and constitutional issues Hallaq argues but also by its very nature fashions a subject inconsistent with what it means to be or to live as a Muslim By Islamic standards the state s technologies of the self are severely lacking in moral substance and today s Islamic state as Hallaq shows has done little to advance an acceptable form of genuine Shari a governance The Islamists constitutional battles in Egypt and Pakistan the Islamic legal and political failures of the Iranian Revolution and similar disappointments underscore this fact Nevertheless the state remains the favored template of the Islamists and the ulama Muslim clergymen Providing Muslims with a path toward realizing the good life Hallaq turns to the rich moral resources of Islamic history Along the way he proves political and other crises of Islam are not unique to the Islamic world nor to the Muslim religion These crises are integral to the modern condition of both East and West and by acknowledging these parallels Muslims can engage more productively with their Western counterparts

**Jurisprudence and Theology** Joseph E. David, 2014-09-18 The book provides in depth studies of two epistemological aspects of Jewish Law Halakhah as the Word of God the question of legal reasoning and the problem of knowing and remembering How different are the epistemological concerns of religious law in comparison to other legal systems In what ways are jurisprudential attitudes prescribed and dependent on theological presumptions What specifies legal reasoning and legal knowledge in a religious framework The author outlines the rabbinic jurisprudential thought rooted in Talmudic literature which underwent systemization and enhancement by the Babylonian Geonim and the Andalusian

Rabbis up until the twelfth century The book develops a synoptic view on the growth of rabbinic legal thought against the background of Christian theological motifs on the one hand and Karaite and Islamic systemized jurisprudence on the other hand It advances a perspective of legal theology that combines analysis of jurisprudential reflections and theological views within a broad historical and intellectual framework The book advocates two approaches to the study of the legal history of the Halakhah comparative jurisprudence and legal theology based on the understanding that jurisprudence and theology are indispensable and inseparable pillars of legal praxis *Non Sola Scriptura* Bruce Fudge, Kambiz GhaneaBassiri, Christian Lange, Sarah Bowen Savant, 2022-08-03 William A Graham is an influential and pioneering scholar of Islamic Studies at Harvard University This volume brings together 17 contributions to the study of the Qur'an and Islam all influenced by his work Contributions to this collection by his colleagues and students treat many different aspects of Islamic scripture from textual interpretation and hermeneutics to recitation and parallels with the Bible Other chapters tackle in diverse ways the question of what it means to be Islamic and how such an identity may be constituted and maintained in history thought and learning A final section reflects on the career of William Graham and the relation of scholarship to the undervalued tasks of academic administration especially where the study of religion is concerned This book will be of interest to readers of Islamic Studies Qur'anic Studies Islamic history Religious Studies scripture exegesis and history of the book Given Graham's role at the Harvard Divinity School and the discussions of how he has shaped the study of religion the volume should be of interest to readership across the study of religion as a whole Chapters 2 and 15 of this book are available for free in PDF format as Open Access from the individual product page at [www.routledge.com](http://www.routledge.com) They have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *Imām Al-Ghazālī's Deliverance from Error and the Beginning of Guidance* Ghazzālī, Abū-Ḥāmid Muḥammad Ibn-Muḥammad al- Ġazzālī, 2005 *Sufi*, 1999 *African Books in Print*, 1978 **The Inner Journey** William C. now as a complete God orientated man rather than a person on the plain of native and second hand belief sic The book opens with Ghazali replying to a colleague who had questioned him regarding the aims and inmost nature of sciences and the perplexing depths of the religious systems and the reasons for Ghazali s actions at this stage of his life He is an enquiring man who subjects all to his scrutinising eye This habit and custom he describes as a God given nature a matter of temperament and not of my choice or contriving With this outlook he starts to question the different types of knowledge around him He systematically and diligently tackles each science which influences man s spiritual religious mindset covering the four main sciences of the time theology authoritative instruction philosophy and mysticism all of which continue to play significant roles today The analysis is carried out in detail unbiased and authoritatively as Ghazali studied and authored in most of the fields of his investigation He dissects each science like a skilled surgeon and then delivers his post surgery evaluation with accuracy and precision A passage which distils the essence of his spiritual journey can be found in Section 4 The Ways of Mysticism I learnt with certainty that it is above all the mystics who walk on the road of God their life is the best life their method the soundest method their character the purest character indeed were the intellect of the intellectuals and the learning of the learned and the scholarship of the scholars who are versed in the profundities of revealed truth bought together in the attempt to improve the life and character of the mystics they would find no way of doing so for to the mystics all movement and all rest whether external or internal brings an illumination from the light of the lamp of prophetic revelation and behind the light of prophetic revelation there is no other light on the face of the earth from which illumination may be received A chapter on the nature of Prophecy follows which highlights its compelling need He discusses sensual and intellectual perceptions their development in humans from simple to complex and they end where divine inspiration and revelation begin The methodology used to explain this spectrum of perceptions is both simple and effective and allows the reader to follow the thought pattern of the author A concluding chapter on Ghazali s return to teaching also tackles and in fact successfully deals with possible rebuttals of the hypothesis that he postulates on the need for prophetic leadership As an expert in each of the fields his replies to the various groups are from their own teachings doctrines and methodology
