The Secret Battle of Ideas about God Jeff Myers, 2017-08-01 Do You Know What You Believe and How to Defend Your Faith The world is full of ideas that don't reflect Jesus In fact according to a recent Barna study only 3 percent of American evangelicals have an authentic biblical worldview As president of Summit Ministries and an authority on Christian worldview and apologetics Dr Jeff Myers will teach you how to understand what you believe why you believe it and how to defend it against these five fatal worldviews Secularism Marxism Islam New Spirituality Postmodernism *The Measure of Reality* Alfred W. Crosby, 1996-11-28 Western Europeans were among the first if not the first to invent mechanical clocks geometrically precise maps double entry bookkeeping precise algebraic and musical notations and perspective painting By the sixteenth century more people were thinking quantitatively in western Europe than in any other part of the world The Measure of Reality first published in 1997 discusses the epochal shift from qualitative to quantitative perception in Western Europe during the late Middle Ages and Renaissance This shift made modern science technology business practice and bureaucracy possible *Sub Specie Historiae* John T. Marcus, 1980 Consists of a series of related essays that deal with a new approach to historical mindedness and a new way of understanding the distinguishing characteristics of Western civilization **Laughing at Nothing** John Marmysz, 2012-02-01 Disputing the common misconception that nihilism is wholly negative and necessarily damaging to the human spirit John Marmysz offers a clear and complete definition to argue that it is compatible and indeed preferably responded to with an attitude of good humor He carefully scrutinizes the phenomenon of nihilism as it appears in the works lives and actions of key figures in the history of philosophy literature politics and theology including Nietzsche Heidegger Camus and Mishima While suggesting that there ultimately is no solution to the problem of nihilism Marmysz proposes a way of utilizing the anxiety and despair that is associated with the problem as a spur toward liveliness activity and the celebration of life [Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 2](#) John P. Keenan, 2022-09-09 This is volume 2 of a wide ranging interfaith reading of the Letter to the Ephesians a New Testament text whose words have inspired and enhanced Christian spiritual life and liturgy over the centuries Unfortunately at the same time Ephesians has provided apparent scriptural support to those who would defend slavery patriarchy misogyny and the physical power of Christ over the cosmos How on earth are today's Christians to receive and understand such a text as this Earthing the Cosmic Christ of Ephesians The Universe Trinity and Zhiyi's Threefold Truth draws upon a broad array of scientific theological and philosophical thinkers who enable us both to marvel at today's ever expanding knowledge of our vast cosmos and to appreciate the importance of the Ephesian letter in the canon of our Christian scriptures even while we acknowledge the archaic geocentric cosmology that underlies its claims about the cosmic Christ and reject its accommodation to the patriarchal misogynistic and slaveholding norms of its first century culture Throughout this reading of Ephesians we look to Chinese Buddhist master Zhiyi and his threefold truth to enhance our

understanding of trinity and the nascent trinitarian themes within this letter As a whole this work constitutes a new appreciation for Ephesians as well as a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons

In Praise of Failure Costica Bradatan,2023-01-03 Squarely challenging a culture obsessed with success an acclaimed philosopher argues that failure is vital to a life well lived curing us of arrogance and self deception and engendering humility instead Our obsession with success is hard to overlook Everywhere we compete rank and measure Yet this relentless drive to be the best blinds us to something vitally important the need to be humble in the face of life s challenges Costica Bradatan mounts his case for failure through the stories of four historical figures who led lives of impact and meaning and assiduously courted failure Their struggles show that engaging with our limitations can be not just therapeutic but transformative In Praise of Failure explores several arenas of failure from the social and political to the spiritual and biological It begins by examining the defiant choices of the French mystic Simone Weil who in sympathy with exploited workers took up factory jobs that her frail body could not sustain From there we turn to Mahatma Gandhi whose punishing quest for purity drove him to ever more extreme acts of self abnegation Next we meet the self styled loser E M Cioran who deliberately turned his back on social acceptability and Yukio Mishima who reveled in a distinctly Japanese preoccupation with the noble failure before looking to Seneca to tease out the ingredients of a good life Gleefully breaching the boundaries between argument and storytelling scholarship and spiritual quest Bradatan concludes that while success can make us shallow our failures can lead us to humbler more attentive and better lived lives We can do without success but we are much poorer without the gifts of failure
