need and hundreds of hours working with the ads only to get my account suspended as soon as I got a positive ROI By 2012 I started managing Google AdWords for clients based on my experience failing to do my own ads successfully Amazingly client ads were often easier to do than my own and inspired me to try a new approach to AdWords using YouTube advertising also known as Google AdWords for video YouTube now is my biggest asset online thanks to YouTube advertising and continues to help me build deeper relationships with followers and customers that just watched one video Four years after I got my first AdWords account suspended I gained enough courage to try again on advertising my online courses with a new website and new business model From the beginning I was getting sales for 20 in ad spend and eventually got down to sales consistently for 5 with display ads and 8 with search ads When this was combined with the higher ranking on Udemy and the organic search traffic follow up from students sharing the courses my work on Google AdWords became part of a multimillion dollar sales system selling courses online That sounded impressive right Good because I love to try and impress everyone with how smart I am Let s enjoy the flight up for a moment before back down to earth again My Google AdWords advertising system was so good that if you were finding out about Udemy you were sure to encounter my courses and soon my courses were a dominant presence on Udemy with me having as many as 170 000 students in my courses At one point my ad spend was nearly 1 000 per day with around 1 000 clicks to 10 000 per day from nearly every country in the world I had an affiliate remarketing system setup that was just on the edge of the terms and conditions where if you searched for Udemy you would find my instructor course with no affiliate link and then I would show you ads to go back to Udemy with an affiliate link plus buy my courses for 9 using a free coupon that allowed me to work outside the pricing system then in place With so many students in my courses I could actually track affiliate conversions in Google AdWords and was continually consuming more of the entire Udemy student base into my courses In June 2016 Udemy sent me an email out of nowhere banning me from the website based on what felt like to me an excuse to breakup rather than an actual policy violation I was so consumed with the rules that I knew was was allowed and at the same time was attempting to slide around the spirit of the rules for my benefit in every way technically available especially with Google AdWords With being banned from Udemy my entire Google AdWords system collapsed immediately With no more Udemy courses all of the thousands of ads I made had to be edited Those edited ads failed utterly to sell courses directly hosted through my website because the entire system worked together Now I am starting over again with Google AdWords as I try to teach for free online This book is based on my bestselling Google AdWords course on Udemy which had thousands of students before it was banned Michel Gerard took hours of his time to transcribe this book into a format that I hope will show you how I setup my Udemy advertising system and help you get through your challenges with more grace than I did with Google AdWords Today that last part of my system that still works is YouTube remarketing ads which I am continuing to do at scale with my business Thank you very much for reading this I hope my honest sharing of what I have learned here with Google AdWords is useful for you today Sincerely Jerry
