Egyptian American relationship and plays a significant role in promoting US policy objectives in the Middle East Focusing on the latter half of Hosni Mubarak s rule Dina Jadallah argues that through its aid policy the US has attempted to use a reforming and democratising narrative to transform Egypt into a stable market democracy that would be aligned with US interests in the region This aim has been pursued in conjunction with one that promoted a comprehensive warm peace with Israel By highlighting the opposition within Egypt to US aid Jadallah analyses the key issues that came to the fore during the 2010 11 protests in the country and led to the downfall of Mubarak Extending her analysis into the post revolutionary period the author provides interviews with regime insiders and prominent critics inside state institutions and outside who actively challenged the regime This enables her to assess the different perceptions of US aid both under Mubarak and in the current political situation contributing to an incisive analysis of modern Egypt and its relations with its superpower ally in the region

The Egyptian Press and Coverage of Local and International Events Mohamed El-Bendary, 2010-03-01 The Egyptian press has a large readership and potential influence on public opinion in Egypt and the Arab world The Egyptian Press and Coverage of Local and International Events analyzes this understudied area Written in Egypt the book is formed of five chapters and analyzes in qualitative and quantitative methods close to 300 newspaper and magazine articles It studies the Egyptian press and investigates the challenges it faces to be compatible with that in the west and evaluates the renowned book Four Theories of the press and whether today's Egyptian press can fit in one of those theories It also looks at the concepts of framing and discourse analysis adopted later The author examines how the Egyptian press framed the Sudanese refugees riot in Cairo in December 2005 by the top thirteen Egyptian national independent and party newspapers It found that independent and party newspapers enjoy more freedom than national ones in criticizing government and the way police tackled the protest However independent newspapers were more vigorous in their criticism than party ones The author observes that the weekly magazines tended to frame their coverage in a somewhat anti government slant accusing authorities and ferry owners of failure and corruption Finally the book compares coverage of the Israeli War in Lebanon in July 2006 by Egypt's giant semi official daily newspaper Al Ahram with that by two prominent non Egyptian pan Arab dailies Al Hayat and Asharq Al Awsat He finds that while Al Hayat and Asharq Al Awsat which are owned by Saudi businessmen portrayed Hizbullah in an unfavorable manner Al Ahram was somewhat favorable in its coverage of the Lebanese resistance group

zaat sonallah ibrahim, 2004 This novel tells the story of the life of an Egyptian woman the

eponymous Zaat during the regimes of three Egyptian presidents Abdel Nasser Sadat and Mubarak It takes a humorous but often black look at the changes that have occurred in Egypt over the past few decades Zaat's life experiences and relationships are set against economic and social upheavals in a style that is both sophisticated and bawdy highly ironic and often extremely poignant **The Statesman's Year-Book 1988-89** J.
