ACCUPLACER the book starts here [The Humongous Book of Trigonometry Problems](#) W. Michael Kelley, 2012-09-04 Become a trig master in no time Most math and science study guides are a reflection of the college professors who write them dry difficult and pretentious The Humongous Book of Trigonometry Problems is the exception Author Mike Kelley has taken what appears to be a typical trigonometry workbook chock full of solved problems more than 750 and made notes in the margins adding missing steps and simplifying concepts and solutions so what would be baffling to students is made perfectly clear No longer will befuddled students wonder where a particular answer came from or have to rely on trial and error to solve problems And by learning how to interpret and solve problems as they are presented in a standard trigonometry course students become fully prepared to solve those difficult obscure problems that were never discussed in class but always seem to find their way onto exams [GATE Question Bank Mining Engineering](#) , GATE Question Bank
