Unseen City Nathanael Johnson, 2016-04-05 It all started with Nathanael Johnson's decision to teach his daughter the name of every tree they passed on their walk to day care in San Francisco This project turned into a quest to discover the secrets of the neighborhood's flora and fauna and yielded more than names and trivia Johnson developed a relationship with his nonhuman neighbors Johnson argues that learning to see the world afresh like a child shifts the way we think about nature Instead of something distant and abstract nature becomes real all at once comical annoying and beautiful This shift can add tremendous value to our lives and it might just be the first step in saving the world No matter where we live city country oceanside or mountains there are wonders that we walk past every day Unseen City widens the pinhole of our perspective by allowing us to view the world from the high altitude eyes of a turkey vulture and the distinctly low altitude eyes of a snail The narrative allows us to eavesdrop on the comically frenetic life of a squirrel and peer deep into the past with a ginkgo biloba tree Each of these organisms has something unique to tell us about our neighborhoods and chapter by chapter Unseen City takes us on a journey that is part nature lesson and part love letter to the world's urban jungles With the right perspective a walk to the subway can be every bit as entrancing as a walk through a national park

Modern Chinese Foodways Jia-Chen Fu, Michelle T. King, Jakob A. Klein, 2025-03-04 An edited collection that explores the multifaceted experiences of Chinese culinary modernity both within and outside of mainland China from the mid 19th century to present *Modern Chinese Foodways* defines some of the major processes by which Chinese food and foodways have become modern with a focus on the period from the mid nineteenth to the twenty first century The editors Jia Chen Fu Michelle T King and Jakob A Klein highlight four prominent areas of change commodification of food production the scientization of expertise and the development of new food technologies the creation of new culinary identities based on gender ethnicity and nation and the circuits of migration taking place since the nineteenth century This collection argues that Chinese food and foodways are very much modern not a given in the face of

the chorus of voices that insists on emphasizing its ancient roots in ways that both recall the experiences of other cultures as well as in ways unique to China's own historical trajectory. The book combines incisive original scholarship by thirteen leading voices in the field with editorial essays on the past and future of Chinese food studies to frame the field of inquiry for the next generation of Chinese food studies scholars. Demonstrating the significance of modern Chinese foodways to the phenomenon of culinary modernity writ large, which is still largely shaped by Euro-American perspectives and priorities, *Modern Chinese Foodways* is the first book of its kind. **The ^AOxford Companion to Sugar and Sweets**, 2015-04-01

Finalist for the 2022 IACP Award in Literary or Historical Food Writing. KCRW Best Culinary books of 2021. WBUR Here Now Favorite Cookbooks of 2021. Part memoir of life in Taiwan, part love story, a beautifully told account of China's brilliant cuisines with recipes. At the Chinese Table describes in vivid detail how, during the 1970s and 80s, celebrated cookbook writer and illustrator Carolyn Phillips crosses China's endless cultural and linguistic chasms and falls in love. During her second year in Taipei, she meets scholar and epicurean J. H. Huang, who nourishes her intellectually over luscious meals from every part of China. And then, before she knows it, Carolyn finds herself the unwelcome candidate for eldest daughter-in-law in a traditional Chinese family. This warm, refreshingly candid memoir is a coming-of-age story set against a background of the Chinese diaspora and a family whose ancestry is intricately intertwined with that of their native land. Carolyn's reticent father-in-law, a World War II fighter pilot and hero, eventually embraces her presence by showing her how to re-create centuries-old Hakka dishes from family recipes. In the meantime, she brushes up on the classic cuisines of the North in an attempt to win over J. H.'s imperious mother, whose father had been a warlord's lieutenant. Fortunately for J. H. and Carolyn, the tense early days of their relationship blossom into another kind of cultural and historical education as Carolyn masters both the language and many of China's extraordinary cuisines. With illustrations and twenty-two recipes, *At the Chinese Table* is a culinary adventure like no other that captures the diversity of China's cuisines from the pen of a world-class scholar and gourmet. **Nefritová lilie**, Manningová Kirsty, 2021-09-03.
