Black Oxford Pamela Roberts, 2014-12-02 Oxford University has attracted and produced many of the world's most original thinkers over the centuries. It boasts heads of state, academics, writers, actors, scientists, philosophers and many other luminaries among its alumni. On any tour of the University and colleges, famous ex-students Tony Blair, Bill Clinton, Margaret Thatcher to name a few, are often mentioned, but what about its Black scholars? The University has a long but little-known history of attracting Black scholars from Africa, the Caribbean, America and even Australia since the matriculation in 1873 of Christian Fredrick Cole, who became the first African to practise in an English court. He was followed by other outstanding personalities: Alain Locke, the Father of the Harlem Renaissance, and the first Black scholar to be awarded a Rhodes Scholarship in 1907, Kofoworola Moore, the first African woman to graduate from the University in 1935. Eric Williams, the great historian of the Caribbean who was elected Prime Minister of Trinidad and Tobago. Oxford's Black alumni include statesmen, lawyers and teachers. More recently, Oxford-educated African American women have risen to high office in the United States. Students from all parts of Africa, the Caribbean and the Commonwealth have made significant contributions and left lasting legacies in the fields of politics, literature, science and the arts. Uncovering the stories of prominent and lesser-known Black students at Oxford, Pamela Roberts reveals a hitherto undocumented strand in the University's history and its relationship with the wider world.

Megachurches and Social Engagement Mark J. Cartledge, Sarah Dunlop, Heather Buckingham, Sophie Bremner, 2019-06-07 This book is the first detailed academic study of megachurches in the UK. In particular, it explores the nature and significance of social engagement by megachurches in the context of London. The research contains empirical case studies of two Anglican and three African diaspora Pentecostal churches. As well as exploring the range of social engagement activities provided by these churches, the study offers explanations in terms of theological motivations and the influence of globalisation. Subsequently, the book outlines the importance of the findings for the relationship between church and society in the contemporary context, addressing the implications for social policy and practice. The book advances discussions in public theology, megachurch studies, Pentecostal and Charismatic studies and ecclesiology.

Springer's Progress David Markson, 1999 Here comes Lucien Springer, Age forty-seven. Still handsome though much vodka'd, novelist currently abashed by acute creative dysfunction. Sole preoccupation amid these artistic doldrums: pursuit of fair women. Springer is a randy incorrigible who is guided by only one inflexible precept: no protracted affairs. And thus he has slyly sustained eighteen years of marriage. Enter then Jessica Cornford, Age almost half of Lucien's. Lush of body and roguish of mind. Whereupon what begins as bawdy interlude becomes perhaps the most untidy extramarital lech in literature: Rabelaisian yet uncannily wise, both ribald and bittersweet. Springer's *Progress* is that rarest of gifts: a mature love story. It is also an exuberant linguistic romp, a novel saturated with irrepressible wordplay and outrageous literary thieveries. Contemplating his own work, Lucien Springer modestly restricts his ambition to a phrase or three worth
