Science and the Sacred C. S. Pearce, Philip Clayton, 2025-02-27 In this beautifully written book an atheist and a theist explore the intersection points of science and the Sacred Honestly acknowledging their differences they discover unexpected common ground across every branch of science and many of the most urgent ethical and spiritual questions humanity now faces While science may be incompatible with some ancient beliefs about God the authors show why it is fully compatible with belief in an all pervading divine presence Indeed we will only be able to steer our way safely through the complexities of the modern world when we draw on the best of scientific knowledge as well as the deepest insights of the world's spiritual traditions past and present This unique exploration by a theologian and a well known science journalist offers a highly accessible overview of the most complex issues arising at the intersection of science belief and hope The two authors dive into debates normally deemed too sensitive to discuss identifying common sense ways that science and human values can guide each other Their emerging friendship and their new insights offer a pathway toward a world no longer plagued by religiously motivated violence and environmental crisis

Inner Balance: The Science and Spirit of Yoga DR BS DABRAL, Preface In a world that constantly demands more speed productivity and external achievement the quiet art of inner balance has never been more essential Yoga in its truest essence offers that balance a union between effort and ease body and mind science and spirit It reminds us that well being is not found in escape from life's challenges but in our ability to meet them with awareness composure and compassion This book Inner Balance The Science and Spirit of Yoga is an attempt to bridge the ancient and the modern to explore yoga not only as a sacred spiritual tradition but also as a living science supported by contemporary research in physiology psychology and neuroscience While modern society often views yoga as a form of physical exercise or stress relief its true purpose extends far deeper to harmonize the layers of human existence physical mental emotional and spiritual The chapters unfold as a journey The early sections explore yoga's origins

and philosophical foundations revealing how concepts of balance and self realization emerged from ancient wisdom Subsequent chapters connect this heritage to the sciences of the body breath and mind illustrating how yoga fosters resilience emotional stability and mental clarity Later chapters address yoga s role in mental health nutrition and lifestyle before culminating in discussions of spirituality community well being and the pursuit of liberation Throughout this work emphasizes that yoga is not a religion or a rigid discipline it is a universal method of self understanding It welcomes inquiry encourages scientific validation and invites personal experience The aim is not to convince but to awaken to help readers rediscover that calm Centered awareness already presents within themselves I owe deep gratitude to the teachers scientists practitioners and seekers who have preserved and evolved this wisdom through generations Their efforts have made yoga accessible to people across cultures and disciplines I also extend heartfelt appreciation to readers who approach this text with open hearts and curious minds May this book serve as both a map and a mirror a guide to understanding the inner landscape and a reflection of the balance that yoga cultivates May it inspire you not only to practice but to live yoga in thought word and deed bringing harmony to yourself and to the world around you Authors Dr BS Dabral The End of Bias: A Beginning Jessica Nordell,2021-09-21 FINALIST FOR THE NYPL HELEN BERNSTEIN AWARD FOR EXCELLENCE IN JOURNALISM THE LUKAS BOOK PRIZE AND THE ROYAL SOCIETY SCIENCE BOOK PRIZE 2022 NAUTILUS BOOK AWARD SILVER MEDAL AMERICAN SOCIETY OF JOURNALISTS AND AUTHORS HONORABLE MENTION IN GENERAL NONFICTION NAMED A BEST BOOK OF THE YEAR BY WORLD ECONOMIC FORUM AARP GREATER GOOD AND INC The End of Bias is a transformative groundbreaking exploration into how we can eradicate unintentional bias and discrimination the great challenge of our age Unconscious bias persistent unintentional prejudiced behavior that clashes with our consciously held beliefs We know that it exists to corrosive and even lethal effect We see it in medicine the workplace education policing and beyond But when it comes to uprooting our prejudices we still have far to go With nuance compassion and ten years immersion in the topic Jessica Nordell weaves gripping stories with scientific research to reveal how minds hearts and behaviors change She scrutinizes diversity training deployed across the land as a corrective but with inconsistent results She explores what works and why the diagnostic checklist used by doctors at Johns Hopkins Hospital that eliminated disparate treatment of men and women the preschool in Sweden where teachers found ingenious ways to uproot gender stereotyping the police unit in Oregon where the practice of mindfulness and specialized training has coincided with a startling drop in the use of force Captivating direct and transformative The End of Bias A Beginning brings good news Biased behavior can change the approaches outlined here show how we can begin to remake ourselves and our world Includes illustrated charts *The Body Awareness Workbook for Trauma* Julie Brown Yau,2019-09-01 The Body Awareness Workbook for Trauma presents a comprehensive mind body approach to healing trauma that invites readers to reconnect with their body s innate capacity for healing growth vitality and joy Readers learn to move past their trauma toward posttraumatic

growth balance their emotions and transform the dark side of trauma into body awareness and spiritual fulfillment *Be More* Charlie Hugh-Jones,2022-02-01 We are complex beings capable of incredible creativity intimate connection and immeasurable compassion But too often we get in our own way We spend our lives pursuing things outside of ourselves to convince us that we are enough that we matter that we belong or that there is some meaning in our suffering The truths that transform us that allow us to be more are not complicated However they are often hidden in plain sight concealed from us by our own fear and busyness waiting for us to slow down sufficiently to encounter them It took a crisis that almost brought me to a full stop to notice a reality that was right in front of me a reality that now enables me to experience life with more ease and inspires me to access deeper realms of creativity connection and compassion A reality that enables me to be more This book is about transcending our biological programming and cultural conditioning our neurobiology and psychology and re connecting with the magnificence of who we really are the magic of human connection and the mystery of our place in the universe This is a playbook for learning how to be more

Contemplative Pedagogies for Transformative Teaching, Learning, and Being Jing Lin,Tom E. Culham,Sachi Edwards,2019-11-01 In our current systems of education there is a trend toward compartmentalizing knowledge standardizing assessments of learning and focusing primarily on quantifiable and positivist forms of inquiry Contemplative inquiry on the other hand takes us on a transformative pathway toward wisdom morality integrity equanimity and joy Zajonc 2009 These holistic learning practices are needed as a counterbalance to the over emphasis on positivism that we see today In addition to learning quantifiable information we also need to learn to be calmer wiser kinder and happier This book aims to find and share various pathways leading to these ends This book will describe educational endeavors in various settings that use contemplative pedagogies to enable students to achieve deep learning peace tranquility equanimity and wisdom to gain new understanding about self and life and to grow holistically Embodiment is a central concept in this book We hope to highlight strategies for exploring internal wisdoms through engaging ourselves beyond simply the rational mind Contemplative pedagogies such as meditation yoga tai chi dance arts poetry reflective writing and movements can help students embody what they learn by integrating their body

heart mind and spirit **Bliss Brain** Dawson Church, 2020-09-15 Award Winner in the Science category of the 2020 Best Book Awards sponsored by American Book Fest Award winning author and thought leader Dawson Church Ph D blends cutting edge neuroscience with intense firsthand experience to show you how you can rewire your brain for happiness starting right now Neural plasticity the discovery that the brain is capable of rewiring itself is now widely understood But what few people have grasped yet is how quickly this is happening how extensive brain changes can be and how much control each of us has over the process In Bliss Brain famed researcher Dawson Church digs deep into leading edge science and finds stunning evidence of rapid and radical brain change In just eight weeks of practice 12 minutes a day using the right techniques we can produce measurable changes in our brains These make us calmer happier and more resilient When we cultivate these pleasurable states over time they become traits We don't just feel more blissful as a temporary state the changes are literally hard wired into our brains becoming stable and enduring personality traits The startling conclusions of Church's research show that neural remodeling goes much farther than scientists have previously understood with stress circuits shriveling over time Simultaneously The Enlightenment Circuit associated with happiness compassion productivity creativity and resilience expands During deep meditation Church shows how the 7 neurochemicals of ecstasy are released in our brains These include anandamide a neurotransmitter that's been named the bliss molecule because it mimics the effects of THC the active ingredient in cannabis It boosts serotonin and dopamine the first is an analog of psilocybin the second of cocaine He shows how cultivating these elevated emotional states literally produces a self-induced high While writing Bliss Brain Church went through a series of disasters including escaping seconds ahead of a California wildfire that consumed his home and office and claimed 22 lives The fire triggered a painful medical condition and a financial disaster Through it all Church steadily practiced the techniques of Bliss Brain while teaching them to thousands of other people This book weaves his story of resilience into the fabric of neuroscience producing a fascinating picture of just how happy we can make our brains no matter what the odds

A Playful Spirit Mark W. Teismann, 2020-02-06 The great narratives of religion and nationhood were battered in the twentieth century by the dual forces of globalization and postmodernism In the uncertainty of broken traditions many people looking for God retreated into a regressive fundamentalism and others abandoned themselves to nihilism and cynicism But is there another way In this volume esteemed sociologist and therapist Mark W Teismann offers a fresh approach to spiritual pursuits one that neither relies upon absolutes nor leaves seekers in a void of disbelief This approach is to consider the exercise of spirituality as a type of play Teismann takes the reader on a whirlwind ride through the different aspects of play and how they relate to spirituality Teismann draws on classical philosophers memories of childhood developmental science poets and his long career as a psychotherapist to create a deep understanding of how the spirit of play informs our moral pursuits and spiritual yearnings A conclusion and epilogue summarize the book's tenets and touch on Mark Teismann's battle with cancer and how the practices of meditation and play accompanied him on
