

The background of the entire cover is a close-up, slightly blurred photograph of the American flag. The red and white stripes are prominent on the right side, while the blue field with white stars is on the left. The flag appears to be draped or folded, creating deep shadows and bright highlights.

American Government: Roots and Reform, 2009 Texas Edition (with Mypoliscilab Student Access Code Card) ,2009-01-01

Partisan Nation Paul Pierson,Eric Schickler,2024-09-05 A provocative exploration of how America's democratic crisis is rooted in a dangerous mismatch between our Constitution and today's nationalized partisan politics The ground beneath American political institutions has moved with national politics subsuming and transforming the local As a result American democracy is in trouble In this paradigm shifting book political scientists Paul Pierson and Eric Schickler bring a sharp new perspective to today's challenges Attentive to the different coalitions interests and incentives that define the Democratic and Republican parties they show how contemporary polarization emerged in a rapidly nationalizing country and how it differs from polarization in past eras In earlier periods three key features of the political landscape state parties interest groups and media varied locally and reinforced the nation's stark regional diversity But this began to change in the 1960s as the two parties assumed clearer ideological identities and the power of the national government expanded raising the stakes of

conflict Together with technological and economic change these developments have reconfigured state parties interest groups and media in self reinforcing ways The result is that today s polarization is self perpetuating and intensifying Partisan Nation offers a powerful caution As a result of this polarization America s political system is distinctly and acutely vulnerable to an authoritarian movement emerging in the contemporary Republican Party which has both the motive and the means to exploit America s unusual Constitutional design Combining the precision and acuity characteristic of their earlier work Pierson and Schickler explain what these developments mean for American governance and democracy Karl W. Ryavec,2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia s state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization **American Government** Karen J. O'connor,Larry J. Sabato,2008-12-27 For today s busy student we ve created a new line of highly portable books at affordable prices Each title in the Books a la Carte Plus program features the exact same content from our traditional textbook in a convenient notebook ready loose leaf version allowing students to take only what they need to class As an added bonus each Books a la Carte Plus edition is accompanied by an access code to all of the resources found in one of our best selling multimedia products Best of all Our Books a la Carte Plus titles cost less than a used textbook Guided by the belief that students must first understand the origins of American government to fully understand the issues facing the United States today this market leading text offers the strongest coverage of both history and current events of any college textbook devoted to American politics From hallmark features like The Living Constitution to new features like the illustrated historical timelines American Government Continuity and Change provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century The Texas edition of this classic text features the exact same coverage as the comprehensive version but with 7 additional chapters devoted to Texas politics This bestselling book has been extensively revised to provide in depth coverage of the 2008 presidential and congressional elections President George W Bush s second administration and the 110th Congress continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism and domestic concerns related to rising gas and food prices and the subprime mortgage crisis
