

How to Pronounce English Words Correctly

Wondering how to pronounce vowels and consonants in American English? Accurate pronunciation is an important part of learning any foreign language. But the tricky thing about pronunciation is that it is not just a question of acquiring knowledge, it's a physical skill that you need to practice regularly. And the problem is that the English spelling system is very complicated and typically, words are not pronounced the way they are spelled. So how to pronounce English words correctly?

In fact, there is little consistency between the 26 letters of the English alphabet and the sounds we use when saying them out loud. Besides, there are just 5 vowel letters (a, e, i, u, o) and about 15 various vowel sounds. Furthermore, the English alphabet has 21 consonant letters and about 24 consonant sounds. So how can you pronounce a word you have never read? Guessing is a terrible strategy that leads to a lot of errors and bad habits. What is the way out? To pronounce words correctly, you need to learn to recognize all the sounds in American English and their symbols in the International Phonetic Alphabet (IPA).

What is the IPA?

International Phonetic Alphabet or IPA is the system to transcribe words of any language as they sound using universal phonetic symbols. In the IPA, each symbol is associated with a specific English sound. If you learn all the symbols, you will know exactly how to pronounce any word because most English dictionaries use IPA to describe pronunciation of the words. Using the IPA, you'll be able to improve your pronunciation and feel more confident speaking English. Keep reading to learn how to pronounce IPA symbols.

How to Pronounce Vowels

When it comes to pronunciation, vowels are the hardest part of American English. Vowel sounds are produced with an open vocal tract. Here are the IPA symbols for vowel sounds in American English.

- /i/ is used in beet, heat, see, read. When pronouncing this sound, you need to keep your tongue high and form your mouth into a wide narrow shape.
- /ɪ/ is used in bit, kit, sit, fill. Keep your lips and your tongue neutral and relaxed and make the sound at the back of your throat.
- /u/ is used in set, bed, get, ten. Keep your lips and jaw loose and hold the middle of the tongue slightly rounded upwards.
- /æ/ is used in bad, cat, land, sad. Hold your lips apart and push the front of your tongue further forward.
- /ɑ/ is used in cot, hot, god. Hold your jaw more open and keep the back of your tongue lower than for any other vowel sound.
