Regulatory Practices in Selected SADC Countries Howard Chitimira,Tapiwa Victor Warikandwa,2023-03-28 This book investigates the regulation and promotion of financial inclusion and provides a comparative analysis of the regulation promotion and enforcement of the relevant laws in the SADC in particular South Africa Namibia Botswana and Zimbabwe as well as the challenges of financial inclusion In turn it evaluates financial inclusion in the context of specific challenges faced by unbanked and underbanked customers who are easy targets for cyber criminals because they tend to have lower levels of digital literacy The book presents novel discussions that identify the challenges and flaws associated with the enforcement of financial inclusion laws and related measures intended to promote financial inclusion in the SADC region This is primarily done in order to reveal the current strengths and weaknesses of financial inclusion laws in relation to certain aspects of the

companies securities and financial markets in the region For example there is no common financial inclusion instrument law that is effectively and uniformly applied throughout the SADC This has impeded the enforcement authorities efforts to effectively combat financial exclusion across the region The book is likely the most comprehensive study to date on the regulation and promotion of financial inclusion in the SADC region and fills a major gap in SADC and African legal jurisprudence As such it offers a valuable asset for policymakers attorneys bankers securities share holders and other market participants who deal with financial inclusion as well as undergraduate and graduate students interested in the topic

Key Concepts in Business Practice

Jonathan Sutherland, 2017-03-14 Key Concepts in Business Practice is one of a range of comprehensive glossaries with entries arranged alphabetically for easy reference. All major concepts, terms, theories, and theorists are incorporated and cross-referenced. Additional reading and Internet research opportunities are identified. More complex terminology is made clearer with numerous diagrams and illustrations. With over 500 key terms defined, the book represents a comprehensive must-have reference for anyone studying a business-related course or those simply wishing to understand what business practice is all about. It will be especially useful as a revision aid. **Library Times International**, 1996 **Online and Distance**

Learning: Concepts, Methodologies, Tools, and Applications Tomei, Lawrence A., 2007-07-31 This comprehensive six-volume collection addresses all aspects of online and distance learning, including information communication technologies applied to education, virtual classrooms, pedagogical systems, Web-based learning, library information systems, virtual universities, and more. It enables libraries to provide a foundational reference to meet the information needs of researchers, educators, practitioners, administrators, and other stakeholders in online and distance learning. A Picture Book Primer Denise I. Matulka, 2008-09-30 Everything you want to know about picture books can be found in this simple and straightforward guide. After defining the picture book and describing its history and technological evolution, the author helps you better understand and appreciate picture books by describing how they're made, their anatomy, types of illustration, layouts, design elements, and typography. Various types of picture books, genres, formats, styles, how picture books work, the art of the story, and how they relate to child development and literacy. Picture book reviews, building a collection, using picture books with various age groups, and issues such as multicultural literature, classics, and controversial titles are some of the other topics covered. **Online!** John Dvorak, Chris Pirillo, Wendy Taylor, 2004 A perfect gift for any Internet user, whatever their level of experience. Written in a straight-to-the-point, understandable format in jargon-free language by some of the most popular personalities in the field. Backed by a massive marketing campaign including TV, radio, print, and online appearances by the authors. **Science and Global Challenges of the 21st Century - Science and**

Technology Alvaro Rocha, Ekaterina Isaeva, 2021-10-13 This book comprises the proceedings of the International Perm Forum Science and Global Challenges of the 21st Century held on October 18th-23rd, 2021, at Perm State University, Perm, Russia. Global challenges which determine the main trends in the development of social and economic life in the XXI century require the integration of specialists in various fields of knowledge. That is why the main principle of this edition is interdisciplinarity: the formation of end-to-end innovation chains including fundamental and applied research and the wide application of smart innovations, networks, and information technologies. The authors seek to find synergy between technologies and such fields as computer science, geosciences, biology, linguistics, social studies, historical studies, and economics. The book is of interest to researchers seeking nontrivial solutions at the interface of sciences, digital humanities,

computational linguistics cognitive studies machine learning and others
