ethics basics highlighting how ethics are good for business Ruddell then analyses the Scriptural teaching about business ethics as a model for how faith can and indeed must integrate with business ethics and then contrasts with other secular views of business ethics He continues by reviewing steps for solving ethical problems in business and how to set up and carry out an effective ethics program inside the business and how companies can extend those ethics to those around them through effective social outreach programs and to the environment by being good stewards of our resources *Business and Society 2nd Edition Plus Ferrell Business Ethics Reader 6th Edition* Debbie Thorne Mcallister, 2005-08-01 Business Ethics, Faith that Works Larry Ruddell, 2004 Dr Ruddell makes the case for why faith applies to business indeed why it must apply Throughout he encourages the reader to identify and apply his her own belief but then articulates his christian view as an example of how faith works with work Along the way Dr Ruddell gives the foundations for an entire business ethics program for people of all nationalities that will prove useful to businesses non profits students and professors
