
Honors Biology Final Exam 2023 Questions With Correct Answers.

to be classified as a living organism, what qualities must you possess? Answer- Metabolize, reproduce, cells, homeostasis, evolve, grow/develop, and stimuli.

What is homeostasis? Answer- The ability to maintain constant or stable conditions

What is the difference between growth and development? Answer- To grow is to get bigger in size. To develop is to change.

Organic compounds contain what elements? Answer- carbon

What is an example of a biochemical reaction? Answer- Hydrolysis and Dehydration synthesis

Which macromolecule is a short-term energy source? Answer- carbohydrates

Which macromolecule is used for long-term energy? Answer- Lipids

Which macromolecule has monomers made of amino acids? Answer- Proteins

Why is the shape important for proteins and enzymes? Answer- The shape determines the protein's function

Can biochemical reactions occur without the help of enzymes? If they can, why is it still important to have enzymes there? Answer- They can but they would happen too slow for our body to function properly, so enzymes speed them up

How do enzymes influence the activation energy? Answer- Enzymes lower the activation energy needed for a chemical reaction

Can enzymes work on different substrates? Answer- Enzymes cannot work on different substrates because the substrate's shape is specific to a certain enzyme's shape so not any enzyme fits in any substrate.

List the things that can alter the activity of an enzyme. Answer- Temperature, pH, salinity

Which macromolecule stores the genetic information? Answer- nucleic acids

Plant cells mostly contain what kind of macromolecule? Answer- carbs

animal cells contain mostly what kind of macromolecule? Answer- proteins

do all cells contain nucleic acids? Answer- no

Honors Biology Final Exam Study Guide Answers:

Newly Hired Teachers of Science Julie A. Luft, Shannon L. Dubois, 2015-12-09 Supporting newly hired science teachers has taken on an increased importance in our schools This book shares the most current information about the status of newly hired science teachers different ways in which to support newly hired science teachers and different research approaches that can provide new information about this group of teachers Chapters in the book are written by those who study the status of beginning science teachers mentor new teachers develop induction programs and research the development of new science teachers Newly Hired Teachers of Science is for administrators who have new science teachers in their schools and districts professionals who create science teacher induction programs mentors who work closely with new science teachers educational researchers interested in studying new science teachers and even new science teachers This is a comprehensive discussion about new science teachers that will be a guiding document for years to come **The Hidden Curriculum -**

Faculty Made Tests in Science Sheila Tobias, 1997 **Campus Traditions** Simon J. Bronner, 2012-09-10 From their beginnings campuses emerged as hotbeds of traditions and folklore American college students inhabit a culture with its own slang stories humor beliefs rituals and pranks Simon J Bronner takes a long engaging look at American campus life and how it is shaped by students and at the same time shapes the values of all who pass through it The archetypes of absent minded profs fumbling jocks and curve setting dweebs are the stuff of legend and humor along with the all nighters tailgating parties and initiations that mark campus tradition and student identities Undergraduates in their hallowed halls embrace distinctive traditions because the experience of higher education precariously spans childhood and adulthood parental and societal authority home and corporation play and work Bronner traces historical changes in these traditions The predominant context has shifted from what he calls the old time college small in size and strong in its sense of community to mass society's mega university a behemoth that extends beyond any campus to multiple branches and offshoots throughout a state region and sometimes the globe One might assume that the mega university has dissolved collegiate traditions and displaced the old time college but Bronner finds the opposite Student needs for social belonging in large universities and a fear of losing personal control have given rise to distinctive forms of lore and a striving for retaining the pastoral campus feel of the old time college The folkloric material students spout and sprout in response to these needs is varied but it is tied together by its invocation of tradition and social purpose Beneath the veil of play students work through tough issues of their age and environment They use their lore to suggest ramifications if not resolution of these issues for themselves and for their institutions In the process campus traditions are keys to the development of American culture **Sins of a Mulatto**

Outcast Robert Fouché, 2015-04-07 Homer grows up knowing he looks different than most kids in his neighborhood Although both his parents are African American his appearance more closely resembles a Caucasian As he struggles to fit in with others in his African American race Homer faces prejudice and bullying by those who brand him the white kid until he

decides to fight back transforming himself and his attitude forever On his wayward journey to removing himself from his surroundings Homer feels his looks are a curse which sets off a series of horrific events that test all his emotions To others it seems as though Homer has been given all the keys to unlock the American Dream Unfortunately they are unaware of his sins as a youth As Homer relives his experiences joys and challenges through the metaphorical structure of eighteen holes of golf he shines a light on his determined quest to overcome his outcast label accept his mixed heritage seek forgiveness and more importantly love himself Sins of a Mulatto Outcast tells the compelling tale of one mans struggles to embrace his uniqueness in order to achieve happiness in life

H.G. Wells Keith Ferrell,2014-03-24 He was born in the year dynamite was invented 1866 and died a year after the first explosion of the atomic bomb 1946 Herbert George H G Wells was a man whose life dominated the century and whose ideas both predicted and shaped the future One of the most influential men of his time a leading science fiction writer novelist philosopher reformer and fighter for civilization Wells exercised his imagination and expounded his revolutionary ideas in over one hundred books in the course of his long life As a young man Wells struggled against repeated failure as a draper s assistant science student and teacher before finding his vocation as a writer He wrote the pioneering and immediately popular novel The Time Machine In this and other classic science fiction such as The Invisible Man and The War of the Worlds Wells combined serious and often remarkably accurate speculation about the future with high adventure But Wells was not content

just to write fiction He was also an advocate for change in social customs and a man deeply concerned with the future of humanity A firm believer that the twentieth century would be the turning point for civilization Wells anticipated many of the changes in his writings on space travel politics marriage and the technologies of war This is a dramatic account of Well s life and his fight for causes and concerns that are still relevant today *11 Practice Tests for the SAT and PSAT, 2010 Edition* Princeton Review,Princeton Review (Firm),2009-07-07 The best way to prepare for standardized tests is to practice and this resource offers students 11 prime opportunities to do just that **My Life: Everything but Buy the Book!** Scott Ludwig,2014-02-13 At last The much anticipated sequel to My Life Everything but BUY THE BOOK Part 1 is here Read what some notable personalities had to say and youll want to rush to plant your bottom on your favorite recliner couch or commode and rip into the potpourri of subject matter youll find in Part 2 Jaw Dropping Peter Benchley author of Jaws Out of this world Neil Armstrong the first man to set foot on the moon Sure to make your head spin William Peter Blatty author of The Exorcist Could it possibly be any more fascinating Chandler Bing one of NBCs Friends But dont take their word for it BUY THIS BOOK and see for yourself Notable personalities may or may not have been referring specifically to this book at the time of their quote Its difficult to ascertain with any degree of certainty so lets just assume they were That way nobody gets hurt *The Best 168 Medical Schools, 2013 Edition* Malaika Stoll,2012 Profiles 168 top medical schools and offers information on admissions criteria financial aid and special programs for members of minority groups **Resources in Education**,1984 *11 Practice Tests for the SAT and PSAT, 2013 Edition* Princeton Review,2012-07-03 If you need to know it it s in this book 11 Practice Tests for the SAT PSAT 2013 Edition includes 11 total full length practice tests 10 for the SAT and 1 for the PSAT Overview of SAT basics scoring and content Helpful information about the SAT including the Writing section Answers and detailed explanations to help you learn from your mistakes *11 Practice Tests for the SAT & PSAT, 2011 Edition* Princeton Review,2010-06-22 A guide for students preparing for the SAT and PSAT furnishes eleven full length sample exams along with detailed explanations of the answers *Catalogue Number.
