The IPINIONS Journal Anthony Hall, 2008-04 ANTHONY LIVINGSTON HALL COMMENTS ON

Bush's legacy of support for Africa I was dismayed by the number of people who refused to believe that Bush had done more for Africa than any other US president notwithstanding testimonials I proffered from renowned crusaders for African development like Sir Bob Geldof and Bono to support this claim Oprah's school for African girls I applaud Oprah for founding this school for the same reason I applauded Madonna for adopting that African boy She is fulfilling a need which honors our shared humanity in a way that few of us can afford or are even conscientious enough to do Native Americans ethnically cleansing blacks from their tribes Indeed I do marvel at this curious thing that they would rather be condemned as racists for expelling blacks than be criticized as niggards for hoarding their gambling loot French President Nicolas Sarkozy's love affair with the US Sarkozy displays a Blairite affinity for America that any self-respecting Frenchman must find particularly gauling Bungled terrorist attacks in London and Glasgow Wannabe suicide bombers rammed their jeep packed with explosives into Glasgow Airport on Saturday morning shouting Allah Allah Allah no doubt hoping to go off in a blaze of glory for eternal assignments with their apocryphal 72 virgins Steroids in baseball In fact steroid use has flourished in baseball and other professional sports pursuant to an open conspiracy among players and team owners to feed the gladiatorial lust of fans who want to see bigger stronger and faster cyborgs perform for their atavistic enjoyment The Reagan Years: a Social History of the 1980's Richard Stanley, 2017-12-15 Ronald Reagan's legacy as president is nearly unparalleled in American history due to his domestic and foreign policy leadership Reagan's contrarian insistence on advocating limited government and supply side economics drew much bipartisan criticism causing the Great Communicator to take his argument that lowering taxes would encourage economic growth directly to the people The result Congress granted 750 billion in tax cuts in 1981 The Reagan Revolution had begun By mid 1983 the nation's economy was booming On President Reagan's first day in office the Iran Hostage Crisis finally came to an end Fifty two American embassy personnel held hostage by a defiant Iran during the last four hundred plus days of the Carter administration were freed a definite win for all Americans But Reagan soon was widely criticized for insulting Russia's leaders by calling the Soviet Union the evil empire Later Reagan was criticized at home and abroad for challenging Soviet premier Gorbachev to tear down the Berlin Wall Reagan's most criticized proposal of all however was his insistence on developing his Strategic Defense Initiative SDI space weapons to defend America from incoming Soviet nuclear missiles Domestic critics dismissed his proposal as a Star Wars fantasy but the Soviets feared SDI By December 1991 it was clear that Reagan's Star Wars fantasy helped cause the bankruptcy and total collapse of the Soviet Union bringing a peaceful end to the decades long Cold War **Love is Blind and Dangerous** Brad Dunaway, 2001-07 A true story as gripping as the most compelling novel This is the account of a retired CEO divorced and eager to spend the remainder of his life in a goal oriented desert resort community with his beautiful fiancée whom he loves unconditionally despite her past relationship with a slick con artist His dream abruptly shatters when he survives an attempted poisoning by the very woman he is soon to marry Subsequent investigations into her background reveal a

menacing conspiracy between the ex fiancée and the ex wife The heart of this well documented story is the venomous betrayal of trust generously served to an unsuspecting lover by a dangerous psychopath

The Many Tongues of Literacy Ray B. Browne,1992-06 Statistics indicate that more than half the population of America is illiterate or subliterate in the conventional sense but very literate in other media such as television sports and leisure time activities But statistics can lie or tell only half a fact Since the languages of literacy are constantly expanding and developing it is time that American educators and the public in general reexamine their definitions of literacy and the media in which we need to be literate Therefore educators must redefine literacy if they are to be realistic about its sources uses and values The need is vital to a developing world
