Frank Lloyd Wright's Usonian Houses Carla Lind, 1994 One of the architectural challenges for Frank Lloyd Wright was how to provide moderate cost houses that were as good as expensive ones His solution was the Usonian house a term he coined for the United States of North America With their horizontal floor plans open living spaces walls of windows carports and patios these houses became models for many houses that now cover the American landscape Here are a dozen examples of Wright's Usonian house

Frank Lloyd Wright's Usonian Houses John Sergeant, 1984 Looks at the last period in Wright's career reassessing his Usonian houses his Taliesin working communities and his plan for Broadacre City *Usonia, New York* Roland Reisley, 2001-07-01 Usonia New York is the story of a group of idealistic men and women who following WWII enlisted Frank Lloyd Wright to design and help them build a cooperative utopian community near Pleasantville NY Through both historic memorabilia and contemporary color photos this book reveals the still thriving community based on concepts Wright advocated in his Broadacre City proposals Over the years thousands of architects scholars planners and students have visited the community but no book has yet appeared on this remarkable site Reisley one of the original members of Usonia and still a resident has written the first full account to illuminate the events problems and passions of a democratic group of people developing a designed environment an hour from New York City and the ups and downs of working with America's most famous and most famously volatile architect *Realizations of Usonia* Frank Lloyd Wright, 1985

Usonia Alvin Rosenbaum, 1993 The author's boyhood home in Alabama one of Wright's Usonian houses is the point of departure for the narrative which interweaves intriguing details of Ford's interest in setting up a planned community and later of the development of the Tennessee Valley Authority the single most important regional development in the United States Just as the Roosevelt administration was putting together its plans for TVA Wright was imagining an American utopia Broadacre City where every family would be guaranteed a lush green acre of land

Frank Lloyd Wright's Usonian Houses, 1976 **Frank Lloyd Wright's Usonian Houses** John Sergeant, 1976 [Usonian Houses](#) Doreen Enrich, 2004-03 Despite his grand achievements Frank Lloyd Wright understood the needs of the typical American family For them he designed the Usonian Home and proved that affordability and superb architecture could go hand in hand With simple supplies and characteristic creativity Wright devised elegant homes that belied their modest price tag Take a fascinating tour of the best of these including the inaugural Jacobs House 1936 which was besieged by visitors all marveling at its ingenuity Each was built on the same principles but differed subtly depending on the occupants lifestyles and local materials

Frank Lloyd Wright and Wichita Pamela D. Kingsbury, 1992 *Usonian Houses* Doreen Ehrlich, 2002 Despite his roster of famously elite achievements museums public buildings grand homes of wealthy clients Frank Lloyd Wright was aware of the needs of the typical American family particularly during the Great Depression For them he designed the Usonian Home and proved that affordability and superb architecture could go hand in hand With simple supplies and

characteristic creativity Wright devised a home that belied its modest price tag and sacrificed nothing in the way of elegance Take a fascinating tour of the best of these homes including the inaugural Jacobs House 1936 each one built on the same principles but subtly differing depending on the lifestyles of the occupants and local materials available A history of the design concept combined with ten detailed case studies demonstrate Wright's incredible ability to adapt his innovative ideas and methods to the needs of ordinary American folk

The Usonian House Frank Lloyd Wright,1953 **Affordable Dreams** Frank Lloyd Wright,1991 **An American Proceeding** Donna Grant Reilly,2013-05-14 In June 1950 Frank Lloyd Wright paid a surprise visit to the Grant house under construction near Cedar Rapids Iowa This was Wright's first visit to the site and he was worried about the house because unlike most of Wright's clients Doug Grant was building it himself serving as his own general contractor and doing his own electrical work and carpentry He and his wife Jackie quarried all of the stone for the house from their own quarry on the property and both took an active part in the construction Upon his return to Taliesin Wright told the assembled group of architects and apprentices that he was extremely pleased by what he had seen He delivered a long tribute to Grant calling the act of building one's own house an American proceeding The book's foreword contributed by the Wright Foundation's Director of Archives Bruce Brooks Pfeiffer calls the Grant house among some of the finest and most inspired that Frank Lloyd Wright ever designed
