The Laws of Strength Conor O'Flynn,2016-10-16 Physical strength produces quality of life Getting stronger the right way means having abundant mobility endurance and energy Properly built strength can relieve pain and keep you injury free Despite the numerous advantages of training for strength most people don't do it Most people use the occasional fitness class walking or running or daily steps as their exercise These methods are

woefully inadequate they won't prepare you for life Others perform regular resistance training but even competitors do it in a haphazard way These people can make progress but they need to understand the laws that govern their success to stay healthy and maintain their progress The Laws of Strength is a book for everyone that needs to be stronger while maintaining endurance function and mobility In short it is a book for everyone Experienced lifters and complete novices alike will benefit equally from learning the laws Even more importantly these lessons can be applied by anyone at any age with any amount of resources gym equipment time and experience The Laws of Strength are the foundation that allows for continual progress in the gym and in life Don't take another step on your journey without knowing exactly the methods and principles that will allow you to get strong and stay strong forever You can be born strong You can get strong with misguided physical work Only by learning the Laws can you hope to master yourself through Strength
