Loose Leaf for Fundamentals of Corporate Finance Bradford D. Jordan, Professor, Randolph W. Westerfield, Prof Stephen A. Ross, 2021-03-01 Fundamentals of Corporate Finance was designed and developed for a first course in business or corporate finance for both finance majors and non majors alike The text is nearly self contained in terms of background or prerequisites assuming some familiarity with basic algebra and accounting concepts while still reviewing important accounting principles very early on The organization of this text has been developed to give instructors the flexibility they need The best selling text has three basic themes that are the central focus of the book 1 An emphasis on intuition the authors separate and explain the principles at work on a common sense intuitive level before launching into any specifics 2 A unified valuation approach net present value NPV is treated as the basic concept underlying corporate finance 3 A managerial focus the authors emphasize the role of the financial manager as a decision maker and they stress the need for

managerial input and judgment Essentials of Corporate Finance Stephen A. Ross, Randolph Westerfield, Bradford D. Jordan, 2019-02-11 Ross Essentials of Corporate Finance 10e focuses on what undergraduate students with widely varying backgrounds and interests need to take away from a core course in business or corporate finance The goal is to convey the most important concepts and principles at a level that is approachable for the widest possible audience To achieve this goal subjects are distilled down to the bare essentials while retaining a decidedly modern approach to finance In addition understanding the why is just as important if not more so than understanding the how especially in an introductory course Readability and pedagogy are key throughout Essentials 10e The text is written in a relaxed conversational style that invites the students to join in the learning process rather than being a passive information absorber The new edition downplays purely theoretical issues and minimises the use of extensive and elaborate calculations to illustrate points that are either intuitively obvious or of limited practical use There are 3 basic themes visible throughout the book emphasis on intuition common sense a unified valuation approach and a managerial focus Corporate Finance Jeffrey Jaffe, Prof Stephen A. Ross, Randolph W. Westerfield, Bradford D. Jordan, Professor, 2015-10-13 Corporate Finance by Ross Westerfield Jaffe and Jordan emphasizes the modern fundamentals of the theory of finance while providing contemporary examples to make the theory come to life The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions rather than a collection of unrelated topics They develop the central concepts of modern finance arbitrage net present value efficient markets agency theory options and the trade off between risk and return and use them to explain corporate finance with a balance of theory and application The Eleventh Edition includes many exciting new research findings as well as an enhanced Connect Finance now with even more student learning resources Connect is proven to deliver better results for students and instructors Proven content integrates seamlessly with enhanced digital tools to create a personalized learning experience that provides students with precisely what they need when they need it With Connect the educational possibilities are limitless **Fundamentals of Corporate Finance** Stephen A.
