Fundamentals Of Futures Options Markets 8th Edition Solutions:

Global Mergers and Acquisitions Abdol S. Soofi, Yuqin Zhang, 2018-03-19 This book primarily deals with corporate restructuring through mergers and acquisitions. It critically examines all functions that must be performed in completing an M A transaction. Domestic and crossborder M A s are very similar in many respects even though differences between them also exist. The book includes discussions of international finance and multinational financial management the topics that arise in cross border M A transactions. Given the increasing importance of China as the second largest economy in the world and Chinese companies growing merger and acquisition M A activities globally we devote the last two chapters of the book to China s outward foreign direct investment and cross border M A activities. Moreover the second volume includes the case studies regarding Chinese foreign direct investment both in Greenfield and acquisition forms give additional insights into challenging tasks of due diligence and post merger cultural integration that foreign investors face. The M A literature is a fragmented field of inquiry. This book brings together important practical insights from this vast literature in a short but cohesive form that has high managerial relevance.
