Smart Work Dermot Crowley, 2016-05-02 Organise your way to renewed focus and calm Smart Work is the busy professional's guide to getting organised in the digital workplace Are you drowning in constant emails phone calls paperwork interruptions and meeting actions This book throws you a lifeline by showing you how to take advantage of your digital tools to reprioritise refocus and get back to doing the important work You may already have the latest technology but if you're still swamped you're not using it to your advantage This useful guide shows you how to leverage the technology you have to centralise your work into one integrated tool You'll develop a simple and sustainable productivity system to organise your actions manage your inputs and achieve your outcomes The highly visual nature of the book helps you quickly grasp the ideas you need most Like most professionals you want to do great work and achieve great things But when half your day is spent on emails phone calls and extra duties you rarely get a chance to shine This book changes that Get back in control so you can start performing like a star Get organised focused and proactive Conquer the daily incoming deluge Spend more time on important work Leverage your desktop and mobile technology When work is coming at you from every direction it's difficult to focus and prioritise Things get lost in the shuffle But when you channel everything into a single stream you settle into a flow and get more accomplished in less time Smart Work is your guide to finding your flow and the bottom of your inbox

How To Lead A Quest Jason Fox, 2016-05-02 Unlock progress through doubt and uncertainty The biggest threat facing modern business is

the sheer complexity of an uncertain future That and the fact that everyone is busy Too busy for progress Workplace cultures have become cursed with efficiency And so when it comes to developing strategy we default to our defaults We favour quick fixes easy templates and familiar approaches developing robust plans that do little to mitigate strategic risk or generate new value The result The future comes and businesses die But no longer cue trumpets How to Lead a Quest is a book for pioneering leaders folks who know that enterprise strategy is far too important to condemn to smart goals a clear vision for the future and other such rubbish Within this book you ll discover how to liberate enterprise leadership and workplace cultures from the curse of efficiency default thinking and the delusion of progress explore complex and uncertain futures to find profound insights that mitigate strategic risks and ensure your business model remains viable create new value and enduring relevance by pioneering into uncharted and unprecedented territory embed new structures and rituals into your enterprise to build for the future while still delivering operational excellence today Not for the faint of heart or short of wit this uniquely refreshing book bravely tackles the paradox that is pioneering leadership You ll discover how to lead meaningful progress even if you don t know what the goal or destination looks like

The Game of Inches Nigel Collin, 2016-03-31 No spin no fuss no gurus get the real secret to business success Game of Inches dispels the myth that success must come from disruption and provides an actionable blueprint for real world business achievement Entrepreneur Nigel Collin interviewed over 80 successful Australian entrepreneurs and leaders to learn the key factors that make a successful business in this book he distils his findings into a simple process of four actions governed by three behaviours that will guide your path to the top Examples and case studies eschew the limelight in favour of those on the front lines of business doing well illustrating the revolutionary idea that you don t have to make headlines to be a success By shifting your mindset from explosive overnight success to a quieter more consistent more sustainable process you gain the ability to reach the top and stay there You ll discover that innovation is actually in reach doesn t cost too much and is not really all that complex when approached from a growth oriented mindset of making small changes consistently You don t need to be Steve Jobs and you don t need to create the next iPhone to be a success in business What you do need to do is redirect your attention away from who you are and toward what you deliver Learn what really drives sustainable success Discover innovation that s within reach right now Focus on what you do not who you are Work toward a process of constant consistent improvement Business success is not a one off event or a single eureka moment It s a continuous step by step process of becoming better every day Incremental change is the surest route to the top though others may skip the climb in favour of a helicopter those who earn the summit tend to stay longest Game of Inches is your straightforward roadmap to no nonsense long term business success

Edupreneur Aaron Tait, Dave Faulkner, 2016-02-19 If you can change education you can change the world Edupreneur gives teachers the how You already know what needs to be done to improve education but you may lack the support and processes to bring it to life and that s where this book comes in You ll walk through the four stages

of innovation dreaming digging making and sharing and learn how to unleash ground shaking change from the classroom up
Straightforward highly practical and kick in the pants inspirational this book is your new companion for making education
work You ll read about passionate teachers who have raised attendance from 40% to 90% you ll read about principals who
took on the worst performing schools and turned them around you ll read about leaders who had the courage to take the
reins of a school and turn it from good to great and you ll learn how they did it and how you re entirely capable of the same
kind of revolutionary change This is a book not just for challenging schools but for all educators who are passionate about
providing a great education for every student every day Administrators academics and politicians can debate endlessly about
how to fix our schools ignoring the fact that their best innovators and catalysts of change are already right there in the
classroom You have plenty of ideas so here s your license to make them happen Edupreneur will help teachers in all schools
to Identify ways to improve day to day practice Overcome the challenges that hamper progress Create new solutions that
sidestep old roadblocks Collaborate with similarly forward thinking educators Imagine what education could look like if
teachers were practically equipped to bring exciting new ideas to the classroom every day Edupreneur helps you be that kind
of teacher you ve always wanted to be with a clear framework for truly bringing on the change *Dealing With The Tough
