dream is impossible to achieve I grew up being told that all my dreams were impossible and it led to me believing that life wasn't worth living That belief coupled with depressing circumstances led me to nearly commit suicide Encouraged by a friend to take another look at my life I decided to discover for myself whether our dreams truly are impossible or if the impossible is just a lie I was pleasantly surprised when I found that some of history's greatest most influential and successful people had already proven all of our dreams to be possible and how to achieve them This book is a collection of guiding insights and meditations I have collected and created over years whilst pursuing my own dreams It offers the guidance of people such as John D Rockefeller Andrew Carnegie Abraham Lincoln Albert Einstein Thomas Edison Thomas Jefferson and many more You might be able to argue that I don't know what it takes to succeed and achieve dreams but you can't really argue with some of history's greatest and most inspirational people These are people who followed their dreams and some of these people have managed to change the world This book is intended not only to prove to you that all of our dreams are possible but show you how to achieve them and to keep you motivated Lack of motivation is one of the largest reasons we do not achieve the things we desire Consider this your kick in the pants *Wisdom to Success* Debbi Dachinger, 2013-07-23
