Code of Canon Law Annotated Catholic Church, Instituto Martín de Azpilcueta, Universidad de Navarra. Facultad de Derecho canonico, Saint Paul University (Ottawa, Ont.). Faculty of Canon Law, 1993 **Code of Canon Law Annotated** Catholic Church, Ernest Caparros, Michel Thériault, Jean Thorn, Instituto Martín de Azpilcueta, Saint Paul University (Ottawa, Ont.). Faculty of Canon Law, Universidad de Navarra. Instituto de Derecho Canónico, 1993-01-01 CODE OF CANON LAW ANNOTATE. JUAN IGNACIO. ARRIETA, 2020 **Prisms of Faith** Robert E. Alvis, Ryan LaMothe, 2015-12-17 In *Prisms of Faith* a diverse and distinguished group of scholars approach the theme of religious education and Catholic identity from their respective disciplinary perspectives offering compelling insights of interest to scholars catechists and the general reader alike The first three chapters are more historical in nature offering targeted studies that focus on the Apostolic Fathers as a resource in the formation of faithful Catholics the preaching of St Augustine and religious education in modern Poland The last four chapters have a more contemporary focus approaching current initiatives and challenges in the formation of faithful Catholics Issues under consideration include the rights and obligations enshrined in the 1983 Code of Canon Law the catechetical dimension of liturgy current obstacles and opportunities in the moral formation of Catholics and a comparative analysis of three dominant approaches to Catholic religious education Taken together these seven chapters form a coherent whole illustrating well the perennial importance of Catholic religious education the various resources and methods employed in this work and the stubborn challenges that effective formation entails *Canon Law Explained* Fr. Laurence J. Spiteri , 2014-02-25 Not only inefficiency but frustration disorder anger and injustice threaten all human endeavors no matter how pure their motives or high their ideals That s why successful organizations always create employee handbooks and clear procedure manuals that delineate where authority lies how conflicts are to be resolved and above all how each organization s mission is and is not to be accomplished Is it any wonder then that the Catholic Church comprised not of 200 persons but 1 2 billion members in 200 countries also governs itself by means of a handbook which it calls the Code of Canon Law Because handbooks and manuals concern themselves with the day to day inner working of organizations they often reveal more than do news releases about the actual purposes and genuine spirit of organizations a fact that s particularly true in the case of the Catholic Church Indeed if you want to know the Church for who She is you need to be familiar with the Code of Canon Law Unfortunately it contains over 1 752 rules or canons Among them you ll find fascinating canons that lay out the Church s official principles and procedures governing matters as various as abbots and annulments scandals and Sacraments monks and missions bishops and books priests and popes synods and sacraments homeschoolers hostile witnesses baptisms burials parishes penance confessions Councils impotence imprimaturs and even marriages to the person who murdered your spouse Thankfully Vatican expert and veteran author Fr Laurence Spiteri has in the pages of *Canon Law Explained* relieved you of the need to read all 1 752 of them fascinating or not Here he acquaints you with the

fundamental canons by which the Church seeks to bring about as it declares in the very last canon the purpose all of them serve The salvation of souls which must always be the supreme law in the Church Fr Spiteri's brief but lucid explanations of the origins and meaning of the canons make sense of much that puzzles non Catholics about our Church and that sometimes frustrates even us Catholics As he relates the Church's laws and procedures directly to Christ's command to go forth and teach all nations and to the role those laws and procedures play in your salvation and mine Fr Spiteri transforms what seem to be dry as dust rules into the sweet waters of salvation If you want to know the Church for who She is and to love Her more Canon Law Explained is the book for you *Church Disputes Mediation* James Behrens,2003 **The Code of Canon Law** Canon Law Society of America,1985 A comprehensive commentary on the 1983 Code of Canon Law by leading canon lawyers in the United States with a complete English text of the Code from front cover New Commentary on the Code of Canon Law John P. Beal,James A. Coriden,Thomas Joseph Green,2000 An entirely new and comprehensive commentary by canon lawyers from North America and Europe with a revised English translation of the code Reflects the enormous developments in canon law since the publication of the original commentary The Oxford Dictionary of the Christian Church Frank Leslie Cross,Elizabeth A. Livingstone,2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader **The New Canon Law** Stanislaus Woywod,1918 *The Clergy Sex Abuse Crisis and the Legal Responses* James T. O'Reilly,Dr. Margaret S.P. Chalmers,2014-09-09 The sexual abuse of children and teens by rogue priests in the U S Catholic Church is a heinous crime and those who pray for a religious community as its ministers priests and rabbis should never tolerate those who prey on that community The legal disputes of recent years have produced many scandalous headlines and fuelled public discussion about the sexual abuse crisis within the clergy a crisis that has cost the U S Catholic Church over 3 billion In *The Clergy Sex Abuse Crisis and the Legal Responses* two eminent experts James O Reilly and Margaret Chalmers draw on the lessons of recent years to discern the interplay between civil damages law and global church based canon law In some countries civil and

canon law although autonomous systems of law both form part of the church's legal duties. In the United States, freedom of religion issues have complicated how the state adjudicates both cases of abuse and who can be held responsible for clerical oversight. This book examines questions of civil and criminal liability, issues of respondeat superior and oversight issues with statutes of limitations and dealing with allegations that occurred decades ago and how the Church's internal judicial processes interact or clash with the civil pursuit of these cases.

Introduction to Canon Law, Third Edition, An: Revised and Updated Coriden, James A., 2019. This is a clear, readable introduction to the basic structures and areas of church law from one of the nation's most respected canonists. It is now revised, considering the most recent changes to church law, including those initiated by Pope Francis.

The Gift of the Church Peter C. Phan, 2016-03-24. As the Church enters its third millennium, it must take stock of its identity and mission. These essays in *The Gift of the Church* address the fundamental issues confronting the Church in its immediate future. Their authors represent the most prominent ecclesial theologians of our time. Written in honor of Patrick Granfield OSB, these essays form a textbook for classes in ecclesiology. They also are a useful tool for those engaged in various ministries in the Church to update themselves on the theology of different aspects of the Church. The first section of essays discusses ecclesiology in its historical development as well as its methodology; the second examines various aspects of the Church; and the third part presents the life and work of Patrick Granfield. The essays are clearly written and based on solid and extensive scholarship. Ecclesiology has been the central theme of theological reflections since Vatican II and may continue to be in the next millennium. This textbook fulfills in part Pope John Paul II's vision for the Jubilee Year when Christians with a profound sense of commitment will likewise express their gratitude for the gift of the Church.
