**Everything on (the) Line** Sophia Reuss,Christina Turner,2021-04-18 On a chilly April day in 2001 some 75 000 protesters flooded the streets of Quebec City to denounce corporate globalization and a neoliberal trade deal From that wellspring of activist anger energy and hope came the founding of rabble.ca an alternative news source and community space that reported on Canadian politics from the ground catching the attention of journalists and activists across the country Since then Canada has seen the rise of Harper Conservatism and its replacement by a Liberal government a decline in union power the stalled beginnings of reconciliation with Indigenous nations the birth of Black Lives Matter an invigorated climate justice movement and more These stories of activist struggle lie at the heart of Everything on the Line a collection of rabble s most incisive articles from the past twenty years Editors S Reuss and Christina Turner guide readers deftly through rabble s deep and storied archives combining critical analysis with new essays from celebrated activists and writers such as Russell Diabo Nora Loreto Phillip Dwight Morgan and Monia Mazigh Each vital selection marks a flashpoint in Canadian politics and an opportunity to reflect on the social movements that have challenged capitalism racism settler colonialism and patriarchy over the past two decades      *Extraer justicia* Kuyek, Joan,2020-11-27 El modelo extractivo minero en Am rica Latina se puede considerar como el de mayor impacto en las afectaciones ambientales y en los derechos humanos y colectivos de los pueblos Es la expresi n m s violenta que conocemos sobre los pueblos y la naturaleza La disputa entre las comunidades rurales los pueblos originarios y las grandes campa as mineras se convierte en una lucha encarnizada ba ada de violencia y ambici n Sin embargo poco conocemos sobre la situaci n de la actividad minera en Canad Joan Kuyek desnuda las experiencias de despojo y destrucci n ambiental que viven los pueblos originarios y otros sectores de la sociedad canadiense

Descubrimos que también hay pueblos en resistencia y una sociedad movilizada frente a las consecuencias sociales y ambientales que genera la extracción de minerales en el norte desarrollado Tal como nos pasa en el Sur en Canadá se ha tenido que enfrentar con un sistema colonial y de impunidad en el que las empresas mineras ejercen mucha influencia sobre los gobernantes Joan Kuyek nos ayuda a entender que el modelo extractivo minero tiene fronteras donde que sus formas de operar y afectar el medioambiente y los territorios son muy similares

In Defiance Gabriel Nadeau-Dubois, 2015-07-22 On February 7 2012 as students in Quebec prepared to vote to go on strike Gabriel Nadeau Dubois gave a rousing speech What you do today will be remembered The decision you make will tell future generations who we were And you already know what is being said today about our generation That we are the generation of comfort and indifference the generation of cash and iPods that we are individualists egotists that we don't care about anything except our navels and our gadgets Aren't you tired of hearing this Well I am Luckily today we have a chance to prove that it's not true that it has never been true The Maple Spring saw more than 300 000 students across Quebec protest a tuition fee hike by striking from their classes Nadeau Dubois takes readers step by step through the strike recounting the confrontations with journalists ministers judges and police Along the way he exposes the moral and intellectual poverty of the Quebec elite and celebrates the remarkable energy of the students who opposed the mercenary attitude of the austerity agenda In Defiance is translated from the 2014 Governor General's Literary Award winner for non fiction Tenir tête Lux diteur We acknowledge the financial support of the Government of Canada through the National Translation Program for Book Publishing an initiative of the Roadmap for Canada's Official Languages 2013-2018 Education Immigration Communities for our translation activities

**New Labor in New York** Ruth Milkman, Ed Ott, 2014-03-04 New York City boasts a higher rate of unionization than any other major U.S. city roughly double the national average but the city's unions have suffered steady and relentless decline especially in the private sector With higher levels of income inequality than any other large city in the nation New York today is home to a large and growing precariat workers with little or no employment security who are often excluded from the basic legal protections that unions struggled for and won in the twentieth century Community based organizations and worker centers have developed the most promising approach to organizing the new precariat and to addressing the crisis facing the labor movement Home to some of the nation's very first worker centers New York City today has the single largest concentration of these organizations in the United States yet until now no one has documented their efforts New Labor in New York includes thirteen fine grained case studies of recent campaigns by worker centers and unions each of which is based on original research and participant observation Some of the campaigns documented here involve taxi drivers street vendors and domestic workers as well as middle strata freelancers all of whom are excluded from basic employment laws Other cases focus on supermarket retail and restaurant workers who are nominally covered by such laws but who often experience wage theft and other legal violations still other campaigns are not restricted to a single occupation or industry This book offers a

navigating the challenging times ahead      **New Labor Forum** ,1997      Food Justice Now! Joshua Shicca,2018-07-31 A rallying cry to link the food justice movement to broader social justice debates The United States is a nation of foodies and food activists many of them progressives and yet their overwhelming concern for what they consume often hinders their engagement with social justice more broadly Food Justice Now charts a path from food activism to social justice activism that integrates the two It calls on the food focused to broaden and deepen their commitment to the struggle against structural inequalities both within and beyond the food system In an engrossing historically grounded and ethnographically rich narrative Joshua Shicca argues that food justice is more than just a myopic focus on food allowing scholars and activists alike to investigate the causes behind inequities and evaluate and implement political strategies to overcome them Focusing on carceral labor and immigration crises Shicca tells the stories of three California based food movement organizations showing that when activists use food to confront neoliberal capitalism and institutional racism they can creatively expand how to practice and achieve food justice Shicca sets his central argument in opposition to apolitical and individual solutions discussing national food movement campaigns and the need for economically and racially just food policies a matter of vital public concern with deep implications for building collective power across a diversity of interests      **Para Power** Nick Juravich,2024-12-10 Paraprofessional educators entered US schools amidst the struggles of the late 1960s Immersed in the crisis of care in public education paras improved systems of education and social welfare despite low pay and second rate status Understanding paras as key players in Black and Latino struggles for jobs and freedom Nick Juravich details how the first generation of paras in New York City transformed work in public schools and the relationships between schools and the communities they served Paraprofessional programs created hundreds of thousands of jobs in working class Black and Latino neighborhoods These programs became an important pipeline for the training of Black and Latino teachers in the 1970s and early 1980s while paras organizing helped drive the expansion and integration of public sector unions An engaging portrait of an invisible profession Para Power examines the lives and practices of the first generation of paraprofessional educators against the backdrop of struggles for justice equality and self determination      Labor in the Time of Trump Jasmine Karrissey,Eve Weinbaum,Clare Hammonds,Tom Juravich,Dan Clawson,2020-01-15 Labor in the Time of Trump critically analyzes the right wing attack on workers and unions and offers strategies to build a working class movement While President Trump s election in 2016 may have been a wakeup call for labor and the Left the underlying processes behind this shift to the right have been building for at least forty years The contributors show that only by analyzing the vulnerabilities in the right wing strategy can the labor movement develop an effective response Essays in the volume examine the conservative upsurge explore key challenges the labor movement faces today and draw lessons from recent activist successes Contributors Donald Cohen founder and executive director of In the Public Interest Bill Fletcher Jr author of Solidarity Divided Shannon Gleeson Cornell University School of Industrial and Labor Relations Sarah Jaffe co host of Dissent Magazine
