From Jesus To Christianity How Four Generations Of Visionaries And Storytellers Created The New Testament **Christian Faith L Michael White:**

From Jesus to Christianity L. Michael White, 2005-10-25 The Story of the New Testament and Christian Origins **An Introduction to the New Testament** Charles B Puskas, C Michael Robbins, 2012-08-30 This second edition of An Introduction to the New Testament provides readers with pertinent material and a helpful framework that will guide them in their understanding of the New Testament texts Many new and diverse cultural historical social scientific sociorhetorical narrative textual and contextual studies have been examined since the publication of the first edition which was in print for twenty years The authors retain the original tripartite arrangement on 1 The world of the New Testament 2 Interpreting the New Testament and 3 Jesus and early Christianity An appropriate book for anyone who seeks to better understand what is involved in the exegesis of New Testaments texts today *The Four Gospels on Sunday* Gordon W. Lathrop, 2012-06-01 Premier liturgical theologian Gordon Lathrop argues that far too often liturgy preaching and liturgical theology are informed by nave and outdated exegesis In another fully original and deeply reflective work Lathrop partners with newer biblical studies to see the Gospels anew He treats the Gospels as early witnesses to the meaning of Christian assembly and forces in the shaping and reshaping of liturgy Lathrop first probes each Gospel historically and exegetically to discern what it tells us about early Christian worship and Christians relationship to the Risen One Then Lathrop treats the Gospels together to draw out more of their contemporary importance especially ways in which they can enrich our reflection about the assembly itself ministry baptism the use of scripture in liturgy and unity within ecumenical diversity Taking seriously the origins of the New Testament as we understand them today Lathrop demonstrates that the Gospels can remain a true catalyst for liturgical theology and liturgical renewal as well as an inspiring link to the faith and convictions of the earliest followers of the Christian way **Short Stories and Political Philosophy** Erin A. Dolgoy, Kimberly Hurd Hale, Bruce Peabody, 2018-11-01 Short Stories and Political Philosophy Power Prose and Persuasion explores the relationship between fictional short stories and the classic works of political philosophy This edited volume addresses the innovative ways that short stories grapple with the same complex political and moral questions concerns and problems studied in the fields of political philosophy and ethics The volume is designed to highlight the ways in which short stories may be used as an access point for the challenging works of political philosophy encountered in higher education Each chapter analyzes a single story through the lens of thinkers ranging from Plato and Aristotle to Max Weber and Hannah Arendt The contributors to this volume do not adhere to a single theme or intellectual tradition Rather this volume is a celebration of the intellectual and literary diversity available to students and teachers of political philosophy It is a resource for scholars as well as educators who seek to incorporate short stories into their teaching practice The Ancient World Sarolta Anna Takacs, Eric H. Cline, 2015-07-17 Designed to meet the curriculum needs of students from grades 7 12 this five volume encyclopedia explores the history and civilizations of the

ancient world from prehistory to approximately 1000 CE Organized alphabetically within geographical volumes on Africa Europe the Americas Southwest Asia and Asia and the Pacific entries cover the social political scientific and technological economic and cultural events and developments that shaped the ancient world in all areas of the globe Each volume explores significant civilizations personalities cultural and social developments and scientific achievements in its geographical area Boxed features include Link in Time Link in Place Ancient Weapons Turning Points and Great Lives Each volume also includes maps timelines and illustrations and a glossary bibliography and indexes complete the set *Theological*

Cartographies Benjamin Valentin, 2015-03-14 Benjamin Valentin presents a substantive yet accessible introduction to the three central doctrines of Christian theology God humanity and Christ In an engaging style Valentin offers an overview of each of these doctrines delving into its tradition within the Christian community throughout history from the writing of Scripture forward He further explores what contemporary life tells us about this doctrine and how that compares to traditional understandings and then determines how we can reconstruct this doctrine in light of our new assessment of it Each chapter concludes with suggested readings for further study Throughout Valentin highlights the diversity of Christian thought bringing together past tradition and contemporary questions to arrive at a new understanding of what these important doctrines can mean for us today **Hebrews, the General Letters, and Revelation** Charles B.

Puskas, 2016-10-28 Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion Scripting Jesus L. Michael White, 2023-11-21 The acclaimed author of *From Jesus to*

Christianity reveals how and why the gospels were written in this groundbreaking work of Biblical scholarship The greatest story ever told was honed like any good performance on the road in front of audiences In *Scripting Jesus* acclaimed scholar of early Christianity L. Michael White demonstrates that the gospel stories of Jesus were never meant to be straightforward historical accounts but instead they were each crafted with particular theological agendas for the ears of particular listeners

White challenges us to read the gospels as they were intended as performed stories of faith not factual accounts and illuminates the agendas that motivated each of their authors A fresh account of the gospels that have shaped centuries of Christian belief Scripting Jesus offers important insight into how we can understand Jesus s story today *American Book Publishing Record* ,2005 *Journal of Biblical Literature* ,2007 **The Publishers Weekly** ,2004 **Book Review Index Cumulation** Dana Ferguson,2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **Library Journal** Melvil Dewey,Richard Rogers Bowker,L. Pylodet,Charles Ammi Cutter,Bertine Emma Weston,Karl Brown,Helen E. Wessells,2005 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Library Journal** ,2005 *Annali* ,2005 **From Jesus to Christianity** L Michael White,2001-01-01 This well respected professor of early Christianity delves into what preceded the Gospels of the New Testament which documents were written first and why and what debates and personalities influenced what was ultimately chosen for inclusion in the Bible *From Christ to Christianity* James R. Edwards,2021-07-06 How did the movement founded by Jesus transform more in the first seventy five years after his death than it has in the two thousand years since This book tells the story of how the Christian movement which began as relatively informal rural Hebrew and Aramaic speaking and closely anchored to the Jewish synagogue became primarily urban Greek speaking and gentile by the early second century spreading through the Greco Roman world with a mission agenda and church organization distinct from its roots in Jewish Galilee It also shows how the early church s witness can encourage the church today **From Jesus to Christ** Paula Fredriksen,2008-10-01 Magisterial A learned brilliant and enjoyable study G za Verm s Times Literary Supplement In this exciting book Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology Brilliant and lucidly written full of original and fascinating insights Reginald H Fuller Journal of the American Academy of Religion This is a first rate work of a first rate historian James D Tabor Journal of Religion Fredriksen confronts her documents principally the writings of the New Testament as an archaeologist would an especially rich complex site With great care she distinguishes the literary images from historical fact As she does so she explains the images of Jesus in terms of the strategies and purposes of the writers Paul Matthew Mark Luke and John Thomas D Evelyn Christian Science Monitor

The Origins of Christianity Schuyler Brown, 1984 The life and death of Jesus of Nazareth and the beginnings of the movement that venerated him are of profound religious significance to Christian believers Since these events however are part of our common history and have had enormous influence on the development of Western civilization they are also legitimate subjects of historical inquiry This historical introduction to the New Testament investigates the foundation of the new religious movement in the life of Jesus the experiences that acted as the catalyst of missionary activity after his death the factors that led to a separation of the movement from Judaism and the development of the ecclesial structures through which Christianity has influenced subsequent secular and religious history *Birth of the New Testament* C. F. D. Moule, 1981-01-01 C F D Moule shows how the earliest Christian writing developed as a response to the daily demands of Christian life in societies indifferent or even hostile to Christianity and how the selection of certain writings to constitute the basis of Christian belief was a response to specific needs
