Tavo,2007 Over the past fifty years studies pertaining to the reality of the church in the Apocalypse have for the most part tended to be either selective or sketchy in their treatment of the relevant material of the book Yet in all fairness to the seer of Patmos his portrayal of the church as a reality decidedly complex and at once profound can only be attained in a thoroughgoing study of the principal ecclesial narratives of his work so as to allow for that indispensable synoptic overview of such intentionally correlated material Woman Mother and Bride is such a study It re examines the relevant imagery of the Apocalypse but from the perspective of the seer s ecclesial thought world and on the basis of his overriding pastoral concerns for the seven churches without which his work will continue to puzzle and trouble at every page The ensuing outlook on the church is panoramic in its scope yet compelling in its appeal which further goes to confirm the Apocalypse as one of the most significant theological achievements of early Christianity **The Big Book of Home Learning Volume 1 Getting Started**
