Exploitative Play in Live Poker Alexander Fitzgerald, 2018-11-19 Many poker players can make good decisions at the table with a reasonable frequency Nevertheless there are numerous situations where even very experienced players behave in predictable ways These deeply ingrained habits lead them to make mistakes The problem is that these situations won t often arise at the table by chance you have to make them happen Exploitative Play in Live Poker is a ground breaking work that teaches you how to create the circumstances where your opponents will be likely to blunder and how to exploit them when they do To achieve this you will need to put to one side starting hand charts balance and GTO Game Theory Optimal play Instead you will incorporate new concepts that may well place you outside your comfort zone However your style will now be forcing the other players at the table outside of their comfort zone and unlike you they won t know how to adapt Learn how to Counter the auto continuation bettor Develop a powerful donk betting strategy Use the overbet the check raise and the three barrel effectively As well as being a highly successful player Alex Fitzgerald runs a poker consultancy that serves more than 1 000 professional poker players in 60 countries As part of this work he has very likely trawled through more hand history databases than anyone else This gives him a unique insight into how players really play especially when placed under pressure and forced into unfamiliar situations

Exploitive No Limit Holdem Paul Ratchford, My biggest strength at the poker table is my ability to adapt in real time to my opponents Exploitive No Limit Holdem was written not just to help you understand advanced NLHE theory but more importantly to help you apply that knowledge exploitively at the poker table I focus more on the attacking side of poker than the defending side In many ways I feel like a good defense will come naturally for those who have a good offense If you understand how and why you are targeting an opponent you will also notice when you are the mark When you finish reading this book I am confident that you will be a better player Wherever possible I try to give you real world examples of the concepts I am discussing Theory without applications is useless and I recognize that my readers need more than just theory to help them improve Included in Exploitive No Limit Holdem is an extensive discussion of how to improve you red line the mental game math expected value game theory and risk management Very little in poker is solved and that makes teaching the game challenging Exploitive No Limit Holdem focuses not only on how to fix leaks in your game and attack opponents weaknesses but also on how you can keep growing as a player after reading this book Exploitive No Limit Holdem can help you deepen your understanding of No

Limit Holdem which will enable you to adapt and stay profitable in a dynamic and rapidly changing industry like poker
