Masters of the Ninth Art Matthew Screech, 2005-01-01 In English speaking countries Francophone comic strips like Hergé's *Les Aventures de Tin Tin* and Goscinny and Uderzo's *Les Aventures d'Asterix* are viewed and marketed as children's literature. But in Belgium and France their respective countries of origin such strips known as *bandes dessinées* are considered a genuine art form or more specifically the ninth art. But what accounts for the drastic difference in the way such comics are received? In *Masters of the Ninth Art* Matthew Screech explores that difference in the reception and reputation of *bandes dessinées*. Along with in-depth looks at Tin Tin and Asterix Screech considers other major comics artists such as Jacques Tardi, Jean Giraud and Moebius, assessing in the process their role in Francophone literary and artistic culture. Illustrated with images from the artists discussed, *Masters of the Ninth Art* will appeal to students of European popular culture, literature and graphic art.

Brussels André De Vries, 2003 Popularly evoking images of European power, politics and miniature cabbages, beer, drinking chocolates and French fries. Yet Brussels for all its reputation for bureaucracy and extravagance is a city that has always been open to outsiders, to invaders and immigrants, always preserving its humanity. Architecturally rich and culturally sophisticated, this European capital defies its stereotypes.

Cat Secrets Didier Hallépée, 2011-09-07 The cat has been occupying a prominent place in our homes and at our sides for many years. It is normal to come across him at any time in our literature or when visiting a website. Sometimes he occupies the central place and there are many books that have been devoted to him, sometimes by writers less well known than their companions. Other times he is just making the scene more lively, more truthful because without him, where would be the soul of our home? Through these quotes you will first travel in time across regions, religions and cultures: the Bible, Einstein, Mahomet, Queen Elisabeth II, Shakespeare, Agatha Christie and many others. This little journey into the heart of wisdom or in the company of famous personalities will give you all the delights that our four-legged friends deserve. And at the heart of all these treasures I'm sure you will find valuable thoughts to illuminate your every day.

The Comics of Hergé Joe Sutcliffe Sanders, 2016-07-28 Contributions by J. Nathan Miranda de Araujo, Guillaume de Syon, Hugo Frey, Kenan Kocak, Andrei Molotiu, Annick Pellegrin, Benjamin Picado, Vanessa Meikle, Schulman, Matthew Screech and Gwen Athene Tarbox. As the creator of Tintin, Hergé (1907-1983) remains one of the most important and influential figures in the history of comics. When Hergé (born Georges Prosper Remi in Belgium) emerged from the controversy surrounding his actions after World War II, his most famous work leapt to international fame and set the standard for European comics. While his style popularized what became known as the 'clear line' in cartooning, this edited volume shows how his life and art turned out much more complicated than his method. The book opens with Hergé's aesthetic techniques, including analyses of his efforts to comprehend and represent absence and the rhythm of mundaneness between panels of action. Broad views of his

career describe how Herg navigated changing ideas of air travel while precise accounts of his life during Nazi occupation explain how the demands of the occupied press transformed his understanding of what a comics page could do The next section considers a subject with which Herg was himself consumed the fraught lines between high and low art By reading the late masterpieces of the Tintin series these chapters situate his artistic legacy A final section considers how the clear line style has been reinterpreted around the world from contemporary Francophone writers to a Chinese American cartoonist and on to Turkey where Tintin has been reinvented into something meaningful to an audience Herg probably never anticipated Despite the attention already devoted to Herg no multi author critical treatment of his work exists in English the majority of the scholarship being in French With contributors from five continents drawing on a variety of critical methods this volume s range will shape the study of Herg for many years to come

Drawing France Joel E. Vessels, 2010-09-03 In France Belgium and other Francophone countries

comic strips called bande dessinée or BD in French have long been considered a major art form capable of addressing a host of contemporary issues. Among French-speaking intelligentsia, graphic narratives were deemed worthy of canonization and critical study decades before the academy and the press in the United States embraced comics. The place that BD holds today, however, belies the contentious political route the art form has traveled. In *Drawing France: French Comics and the Republic*, author Joel E. Vessels examines the trek of BD from it being considered a fomenter of rebellion to a medium suitable only for semi-literates to an impediment to education and most recently to an art capable of addressing social concerns in mainstream culture. In the mid-1800s, alarmists feared political caricatures might incite the ire of an illiterate working class. To counter this notion, proponents yoked the art to a particular articulation of Frenchness based on literacy and reason. With the post-World War II economic upswing, French consumers saw BD as a way to navigate the changes brought by modernization. After bande dessinée came to be understood as a compass for the masses, the government, especially François Mitterrand's administration, brought comics increasingly into official culture. Vessels argues that BD are central to the formation of France's self-image and a self-awareness of what it means to be French.

Hervelino Mathieu Lindon, 2022-10-25. On Hervé Guibert and the difficulty of writing and speaking about someone beloved and revered. Soon that was my nickname for Hervé, what with my habit of Italianizing the names of my nearest and dearest. Hervelino that didn't make me think so much of Hervé as of us both. The word might not seem like much, but it was him and it was me; he took it for himself. Mathieu Lindon met the writer and photographer Hervé Guibert in 1978. The nickname Hervelino marked the start of their friendship, which was cemented a decade later by the years they both spent in Rome. Guibert was a pensionnaire at the Villa Maecenas starting in 1987. Lindon became a fellow pensionnaire the next year, and the two would stay in Italy until 1990. These Roman years are at the heart of this autobiography, *deux*, that alternates between humor and melancholy. Guibert had just learned that he was HIV positive and would die not long after returning to France, and rising to fame with his searing masterpiece *To the Friend Who Did Not Save My Life*, in which Lindon himself was a character. *Hervelino* is a book about the difficulty of writing and speaking about someone beloved and revered. In recounting their time in Italy, Lindon contends with the impossibility of writing about Guibert. To write about Rome is to skip over everything I don't dare to write because it's so hard to make sense of Hervé. *Hervelino* is a story of a singular friendship and of the books read and shared by the friend who was loved and lost. As it closes with each inscription Guibert wrote for his friend Mathieu and with Lindon's present-day commentary below it, what remains are shards and fragments of a friendship sealed by illness and death, enshrined by literature and love.
