Sea Harrier Over The Falklands A Maverick At War:

Sea Harrier Over the Falklands Commander 'Sharkey' Ward, DSC, AFC, RN, 1993-08-05 Sharkey Ward commanded 801 Naval Air Squadron HMS Invincible during the Falkland War of April to June 1982 and was senior Sea Harrier adviser to the command on the tactics direction and progress of the air war He flew over 60 war missions achieved three air to air kills and took part in or witnessed a total of ten kills he was also the leading night pilot and was decorated with the Distinguished Service Cross for gallantry But what after all could 20 Sea Harriers operating from a flight deck bucketing about in the South Atlantic do against more than 200 Argentine military aircraft flown by pilots who as the raids against the British shipping proved displayed enormous skill and almost suicidal gallantry The world knows the answer now What is puzzling therefore is this book's truthful depiction of the attitudes of some senior non flying naval officers and of the RAF towards the men and indeed the machine that made possible the victory in the Falklands This first hand account charts in detail the naval pilots journey to the South Atlantic and how they took on and triumphantly conquered the challenges they faced It is a dramatic story leavened with accounts of the air to air fighting and of life in a squadron at sea and on a war footing But it is also a tale of inter Service rivalry bureaucratic interference and the less than generous attitudes of a number of senior commanders who should certainly have known better indeed some of them might even have lost the war through a lack of understanding of air warfare The author attempts to put the record straight

Sea Harrier Over the Falklands Sharkey Ward, 2000 Sharkey Ward commanded 801 Naval Air Squadron HMS Invincible was senior Sea Harrier adviser to the Command flew over sixty missions and was awarded DSC Yet had he followed all his instructions to the letter Britain might well have lost the Falklands War His dramatic first hand story of the air war in the South Atlantic is also an extraordinary outspoken account of inter Service rivalries bureaucratic interference and dangerous ignorance of the realities of air combat among many senior commanders As Sharkey Ward reveals the 801 pilots were fighting not just the enemy exhaustion and the hostile weather but also the prejudice and ignorance of their own side
