Serpico Peter Maas,2005-01-04 The 1960s was a time of social and generational upheaval felt with particular intensity in the melting pot of New York City A culture of corruption pervaded the New York Police Department where payoffs protection and shakedowns of gambling rackets and drug dealers were common practice The so called blue code of silence protected the minority of crooked cops from the sanction of the majority Into this maelstrom came a working class Brooklyn born Italian cop with long hair a beard and a taste for opera and ballet Frank Serpico was a man who couldn't be silenced or bought and he refused to go along with the system He had sworn an oath to uphold the law even if the perpetrators happened to be other cops For this unwavering commitment to justice Serpico nearly paid with his life *The New York Times Guide to the Best 1,000 Movies Ever Made* Peter M. Cunningham,2021-10-21 Since 1957 Sidney Lumet the most prolific American director of his generation has deepened audiences awareness of social ethical and feminist issues through such distinguished films as 12 Angry Men The Verdict Running on Empty and Critical Care Especially praised for his literary adaptations including Long Day s Journey into Night and Murder on the Orient Express Lumet has also directed such trenchant urban films as Dog Day Afternoon Serpico and Network In this new edition Frank Cunningham expands his analysis of Lumet s earlier films and examines his most recent work from A Stranger Among Us 1992 to Gloria 1999 Also new to this edition are discussions of five other films including The Appointment Murder on the Orient Express and Running on Empty Cunningham studies in depth over thirty of Lumet s most significant films and surveys other films and the television productions to reveal their enduring artistic and humanistic importance Welcome to Fear City Nathan Holmes,2018-09-26 Analyzes how location shot crime films of the 1970s reflected and influenced understandings of urban crisis The early 1970s were a moment of transformation for both the American city and its cinema As intensified suburbanization racial division deindustrialization and decaying infrastructure cast the future of the city in doubt detective

films blaxploitation police procedurals and heist films confronted spectators with contemporary scenes from urban streets Welcome to Fear City argues that the location shot crime films of the 1970s were part of a larger cultural ambivalence felt toward urban life evident in popular magazines architectural discourse urban sociology and visual culture Yet they also helped to reinvigorate the city as a site of variegated experience and a positively disordered public life in stark contrast to the socially homogenous and spatially ordered suburbs Discussing the design of parking garages and street lighting the dynamics of mugging panoramas of ruin and the optics of undercover police operations in such films as Klute The French Connection Detroit 9000 Death Wish and The Taking of Pelham One Two Three Nathan Holmes demonstrates that crime genres did not simply mirror urban settings and social realities but actively produced and circulated new ideas about the shifting surfaces of public culture Rejecting the easy abstractions and postmodern playfulness of noir and neo noir criticism Holmes places 1970s crime films as he says in relation to the urban context that was their location setting and subject He does this brilliantly convincingly and uniquely David Desser former editor Cinema Journal
