Seven Seconds Or Less:

Seven Seconds Or Less Jack McCallum, 2007-05 Sports Illustrated's chief NBA writer Jack McCallum only planned to spend the preseason with the Phoenix Suns as an assistant coach and then write a story about his experiences. Instead, he stayed on with the Suns throughout their exciting and controversial 2005-2006 season. Gaining access to everything from locker room chats with superstar point guard Steve Nash to coaches' meetings with maverick coach Mike D'Antoni, McCallum learned what makes this wildly popular, innovative and international assemblage of talented players and brilliant coaches tick, making *Seven Seconds or Less* an all-access look at one of the greatest shows in sports. **Seven Seconds or Less** Helen L. Stewart, 2013-09-12

Seven Seconds or Less is a book about applied intuition for mergers and partnerships, human resource management, new product development and other important aspects of business. Companies and leaders have relied on intuition or gut feeling since the beginning of time. The proper use of intuition is a liberal art, not an occult one. This book demystifies the process of learning to use intuition on demand in the world of business. Through the use of intuitive techniques and qualified professionals, companies can have the benefit of hindsight now. They can find out in advance how actual or potential decisions play out in the future and adjust those decisions to avoid undesirable outcomes while increasing desirable ones. The result is greater productivity, higher morale, lower costs and better service. The techniques are lighthearted and fun, and yet the implications are significant. Decision making in seven seconds or less may signal a new era in business development. **American Horror Film** Steffen Hantke, 2010-09-30 Creatively spent and politically irrelevant, the American horror film is a mere ghost of its former self, or so goes the old saw from fans and scholars alike. Taking on this undeserved reputation, the contributors to this collection provide a comprehensive look at a decade of cinematic production covering a wide variety of material from the last ten years with a clear critical eye. Individual essays profile the work of up and coming director Alexandre Aja and reassess William Malone's much maligned *FearDotCom* in the light of the torture debate at the end of President George W. Bush's administration. Other essays look at the economic, social and formal aspects of the genre, the globalization of the US film industry, the alleged escalation of cinematic violence and the massive commercial popularity of the remake. Some essays examine specific subgenres from the teenage horror flick to the serial killer film and the spiritual horror film as well as the continuing relevance of classic directors such as George A. Romero, David Cronenberg, John Landis and Stuart Gordon. Essays deliberate on the marketing of nostalgia and its concomitant aesthetic and on the curiously schizophrenic perspective of fans who happen to be scholars as well. Taken together, the contributors to this collection make a compelling case that American horror cinema is as vital, creative and thought-provoking as it ever was.

The Sixth Man Łukasz Muniowski, 2021-12-03 While the starting lineup of an NBA team consists of five players, there are at least 12 on each roster. Allocating time on court to keep each of them satisfied is challenging. Theoretically, the worst position on the roster is the sixth man, so close to being the starter yet seeming to be the odd man out. This book aims at
