The purpose is not to catalog examples of Shakespearean influence but to analyze the interplay of the aesthetic historical socio political and theoretical contexts in which Indian language films have turned to Shakespeare and to what purpose The discussion extends from the content of the plays to the modes of their cinematic and intermedial translations It thus tracks the intra Indian flows and cross currents between the various film industries and intervenes in the politics of multiculturalism and inter intraculturalism built up around Shakespearean appropriations Contributing to current studies in global Shakespeare this book marks a discursive shift in the way Shakespeare on screen is predominantly theorized as well as how Indian cinema particularly Shakespeare in Indian cinema is understood
