Gunboat Democracy Russell Crandall, 2006-03-30 In this balanced and thought provoking study Russell Crandall examines the American decision to intervene militarily in three key episodes in American foreign policy the Dominican Republic Grenada and Panama Drawing upon previously classified intelligence sources and interviews with policymakers Crandall analyzes the complex deliberations and motives behind each intervention and shows how the decision to intervene was driven by a perceived threat to American national security By bringing together three important cases *Gunboat Democracy* makes it possible to interpret and compare these examples and study the political systems left in the wake of intervention Particularly salient in today s foreign policy arena this work holds important lessons for questions of regime change and democracy by force

The Gods Are Broken! Jeffrey K. Salkin, 2022-05-17 The story of Abraham smashing his father s idols might be the most important Jewish story ever told and the key to how Jews define themselves In a work at once deeply erudite and wonderfully accessible Rabbi Jeffrey K Salkin conducts readers through the life and legacy of this powerful story and explains how it has shaped Jewish consciousness Offering a radical view of Jewish existence *The Gods Are Broken* views the story of the young Abraham as the primal trauma of Jewish history one critical to the development of a certain Jewish comfort with rebelliousness and one that happening in every generation has helped Jews develop a unique identity Salkin shows how the story continues to reverberate through the ages even in its connection to the phenomenon of anti-Semitism Salkin s work combining biblical texts archaeology rabbinic insights Hasidic texts some never before translated philosophy history poetry contemporary Jewish thought sociology and popular culture is nothing less than a journey through two thousand years of Jewish life and intellectual endeavor

Whiteness Fractured Cynthia Levine-Rasky, 2016-02-11 *Whiteness Fractured* examines the many ways in which whiteness is conceptualized today and how it is understood to operate and to effect social relationships Exploring the intersections between whiteness social class ethnicity and psychosocial phenomena this book is framed by the question of how whiteness works and what it does With attention to central concepts and the history of whiteness it explains the four ways in which whiteness works In its examination of the outward and inward fractures of whiteness the book sheds light on both its connections with social class and ethnicity and with the epistemology of ignorance and the psychoanalytic Representing the long career of whiteness on the one hand and investigating its expansion into new areas on the other *Whiteness Fractured* reflects the growing maturity of critical whiteness studies It undertakes a critical analysis of approaches to whiteness and proposes new directions for future action and enquiry As such it will appeal to scholars across the social sciences with interests in race and ethnicity intersectionality colonialism and post colonialism and cultural studies

Our Fractured World Volumes I David Diaz, 2023-07-08 I am a new European author of a book divided into two volumes that will cost 18 euros each to purchase in a digital PDF format Each volume's title is the same as above and it focuses on global events especially those occurring in the United States of America a nation experiencing enormous unrest and in Europe I had intended to write only one book but I was carried away and had to split it into two I communicate my ideas and the realities of what is actually occurring in the world around us in a way that is politically incorrect as I am not the type of person who likes walking on eggshells unless I deem it necessary Political correctness is something I vehemently oppose in every sense of the word Political correctness should only be used in the context of international relations within the political and corporate worlds To fully express our freedoms political correctness should be removed from all public discourse It is possible to conduct debates without violating decorum through the use of political incorrectness Political correctness gone mad hinders communication by limiting what we may say think write and do The rise of political correctness gone mad has a very Orwellian feel to it I know that political correctness in small doses aims to foster balance in how we communicate with one another but sadly this goal has been perverted and exploited to the point of madness and to shield those who find offence in just about everything I was inspired to publish my own opinions and the truths which left wing politics likes to refer to as conspiracy theories since they concern them and their transgressions by what is occurring around the globe particularly in the United States My two books are not for anyone who is easily offended insulted or micro aggressed Your comments no matter how bizarre or sane they may seem are always welcome without any guarantee that I will agree with them Your feelings regarding the topics I am covering in my books are of very little concern to me If you are a snowflake who is triggered easily by other people's opinions and the truth I suggest that you do not read my works but it is ultimately up to you to make that choice since they are extremely alluring even to people who practise political correctness to the hilt

Shattered Consensus James Piereson, 2016-11-08 The United States has been shaped by

three sweeping political revolutions Jefferson's revolution of 1800 the Civil War and the New Deal Each of these upheavals concluded with lasting institutional and cultural adjustments that set the stage for a new phase of political and economic development Are we on the verge of another upheaval a fourth revolution that will reshape U S politics for decades to come There are signs to suggest that we are James Piereson describes the inevitable political turmoil that will overtake the United States in the next decade as a consequence of economic stagnation the unsustainable growth of government and the exhaustion of postwar arrangements that formerly underpinned American prosperity and power The challenges of public debt the retirement of the baby boom generation and slow economic growth have reached a point where they require profound changes in the role of government in American life At the same time the widening gulf between the two political parties and the entrenched power of interest groups will make it difficult to negotiate the changes needed to renew the system Shattered Consensus places this impending upheaval in historical context reminding readers that Americans have faced and overcome similar trials in the past in relatively brief but intense periods of political conflict While others claim that the United States is in decline Piereson argues that Americans will rise to the challenge of forming a new governing coalition that can guide the nation on a path of dynamism and prosperity

Mirror of the World Meg Roland, 2021-07-28 In the late fifteenth century the production of print editions of Claudius Ptolemy's second century Geography sparked one of the most significant intellectual developments of the era the production of mathematically based north oriented maps The production of world maps in England however was notably absent during this Ptolemaic revival As a result the impact of Ptolemy's text on English geographical thought has been obscured and minimized with scholars speculating a possible English indifference to or isolation from European geographic developments Tracing English geographical thought through the material culture of literary and popular texts this study provides evidence for the reception and transmission of Ptolemaic based geography in England during a critical period of geographic innovation and synthesis one that laid the foundation for modern geographical representation With evidence from prose romance book illustration theatrical performance cosmological ceilings and almanacs **Mirror of the World** proposes a new interdisciplinary literary and cartographic history of the influence of Ptolemaic geography in England one that reveals the lively integration of geographic concepts through narrative and non cartographic visual forms

Latin America and the Origins of Its Twenty-First Century Michael Monteón, 2009-12-30 Latin American societies were created as pre industrial colonies that is peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal In all these societies a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies And yet Latin America has a public life not merely governments but citizens who are actively involved in trying to improve the lives and welfare of their populations Monteón focuses on the relation of people's lifestyles to the evolving pattern of power relations in the region Much more than a basic description of how people lived this book melds social history politics and

economics into one creating a full picture of Latin American life There are two poles or markers in the narrative about people's lives the cities and the countryside Cities have usually been the political and cultural centers of life from the conquest to the present Montei6n concentrates on cities in each chronological period allowing the narrative to explain the change from a religiously centered life to the secular customs of today from an urban form organized about a central plaza and based on walking to one dominated by the automobile and its traffic Each chapter relates the connections between the city and its countryside and explains the realities of rural life Also discussed are customs diets games and sports courting and marriage and how people work

Harmsworth History of the World Arthur Mee,1907 **Esperanto and Languages of Internationalism in Revolutionary Russia** Brigid O'Keeffe,2021-05-20 Winner of the 2022 Ab Imperio Award Hoping to unite all of humankind and revolutionize the world Ludwik Zamenhof launched a new international language called Esperanto from late imperial Russia in 1887 Ordinary men and women in Russia and all over the world soon transformed Esperanto into a global movement Esperanto and Languages of Internationalism in Revolutionary Russia traces the history and legacy of this effort from Esperanto's roots in the social turmoil of the pre revolutionary Pale of Settlement to its links to socialist internationalism and Comintern bids for world revolution and finally to the demise of the Soviet Esperanto movement in the increasingly xenophobic Stalinist 1930s In doing so this book reveals how Esperanto and global language politics more broadly shaped revolutionary and early Soviet Russia Based on extensive archival materials Brigid O Keeffe's book provides the first in depth exploration of Esperanto at grassroots level and sheds new light on a hitherto overlooked area of Russian history As such Esperanto and Languages of Internationalism in Revolutionary Russia will be of immense value to both historians of modern Russia and scholars of internationalism transnational networks and sociolinguistics

The Interpretation of The Meaning of The Holy Quran Volume 70 - Surah Al-Waqi'ah Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read

and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin Hearst's International ,1918 **Western Europe from the Middle Ages to the close of the Napoleonic Era** Arthur Mee,1909

Harmsworth History of the World: Western Europe from the Middle Ages to the close of the Napoleonic Era Arthur Mee,1909 **To Dream Again** E.C. Tubb,2014-01-30 As an officer in the United Nations Law Enforcement Agency Ralph Mancini was dedicated to the worldwide War on Drugs employing all the resources of the U N whilst working with the national and international police forces But now an insidious new drug was being developed one in which the people taking it experienced a trip like no other They became in effect God like beings and once they had experienced heaven they could think of nothing but their next trip whatever the cost Ralph and Inspector Frere follow a tangled trail of murder and intrigues to try and find the source of the peril but will they be too late to stop it spreading across the world **Essay on Johnson, Together with Passages from Boswell's Johnson** Thomas Babington Macaulay Baron Macaulay,1924 **Essay on Johnson** Thomas Babington Macaulay Baron Macaulay,1924 The Journal of Education ,1905 **Kevin Macdonald's Metaphysical Failure: a Philosophical, Historical, and Moral Critique of Evolutionary Psychology, Sociobiology, and Identity Politics** Jonas E. Alexis,2022-04-25 In Kevin MacDonald s Metaphysical Failure Jonas E Alexis offers a thoroughly researched nuanced and lucid analysis of Kevin MacDonald s thought in particular MacDonald s belief in biological and philosophical Darwinism It is an important book that fills a critical gap in the literature on the history of revolutionary movements and Darwinism both in the West and in Asia It is also a study that adds many significant strands to the densely interwoven history of ideas such as Malthusianism and Eugenics Alexis s book engages debates in the history of ideas going back to Madison Grant and beyond and the history of Darwinism It challenges many of the life long prevailing assumptions about identity politics and produces a powerful critique of how scientific theories have been misused to uphold misguided and faulty categorizations Powerfully reasoned and backed with a startling array of documented studies Kevin MacDonald s Metaphysical Failure presents an in depth look at key beliefs behind many mistaken and consequently destructive actions taken by numerous writers and thinkers particularly Darwin s ardent enthusiasts and devoted disciples The book presents eye opening insights into the historical development of Darwin s ideological project and how that project ended up crippling Darwin s intellectual children from Richard Dawkins Francis Crick James Watson Daniel Dennett Ernst Mayr and E O Wilson to Kevin MacDonald Richard Spencer David Duke and Jared Taylor
