LESSON: 1 WEEK1
TOPIC: EFFECTS OF EXERCISE

Name: _____ Date: _____

FACTS/TIPS: Effects of exercise on the heart rate

Learn these fun facts

Running causes the heart rate to increase.

- During **exercise** there is an increase in **physical activity** and muscle cells respire more than they do when the body is at rest.
- The heart rate increases during **exercise**.
- The rate and depth of **breathing** increases which make sure that more oxygen is absorbed into the blood, and more carbon dioxide is removed from it.
- In children the heart beats about 100 to 120 times a minute.

PISA 2012 Results: Creative Problem Solving (Volume V) Students' Skills in Tackling Real-Life Problems

OECD,2014-04-01 This fifth volume of PISA 2012 results presents an assessment of student performance in problem solving which measures students capacity to respond to non routine situations in order to achieve their potential as constructive and reflective citizens *Education for All 2000-2015: Achievements and challenges* UNESCO,2015-04-08 Literaturverz S 414

459 **Inquiry into the Singapore Science Classroom** Aik-Ling Tan,Chew-Leng Poon,Shirley S.L. Lim,2014-05-19 This book offers an insight into the research and practices of science teaching and learning in the Singapore classroom with particular attention paid to how they map on to science as inquiry It provides a spectrum of Singapore s science educational practices through all levels of its education system detailing both successes and shortcomings The book features a collection of research and discourse by science educators in Singapore organized around four themes that are essential components of approaching science as inquiry teachers ideas and their practices opportunities and constraints from a systemic level students competencies and readiness to learn through inquiry and the need for greater awareness of the role of informal learning avenues in science education In addition the discourse within each theme is enriched by commentary from a leading international academic which helps to consolidate ideas as well as position the issues within a wider theoretical and international context Overall the papers set out important contexts for readers to understand the current state of science education in Singapore They also highlight strengths and gaps in practices of science as inquiry as well as provide suggestions about how the system can be improved These research findings are therefore helpful as they provide honest and evidence based feedback as well as tangible and doable ideas that policy makers teachers students and school administrators can adopt adapt and enhance *The Report: Trinidad & Tobago 2015* Oxford Business Group,2015-08-03 Despite its small

size Trinidad and Tobago ranks highly on a number of economic development indicators According to estimates by the IMF per capita income in T T was 21 310 in 2014 the third highest level in the Americas after the US and Canada Meanwhile the World Bank categorises T T as a high income non OECD nation while the World Economic Forum WEF in its reports on global competitiveness sees T T as an innovation driven economy like the US or the UK **Education in the Global City** Aaron

Koh,Terence Chong,2017-10-02 Education in the Global City examines education in Singapore through the critical lens of manufacturing The book brings together two disparate fields which inform each other education and the global city and the book s contributors analyse and critique the manufacturing of Singapore education and Singapore s global city formation The collection covers vocational education language policies Higher Education English education critical thinking sex education creativity and critical feminist scholarship Collectively the book pries open the ideology of the manufacturing education system and points out the tension between the nation and its ideologies and the global city aspirations It also asks how education contributes to and is shaped by the market realities of Singapore s global city ambitions which are at odds with the

nationalistic local agenda and priorities of nation building In interrupting and speaking against the prevailing and narrow manufacturing of education for a teleological end in spite of Singapore s successful nation building this book is an important contribution to critical education scholarship This book was originally published as a special issue of Discourse Studies in the Cultural Politics of Education

Moving Beyond Grades to Purposeful Learning David Wei Loong Hung,2023-09-14 This book explores future directions in Singaporean education as it moves beyond its historically formative goals of survival efficiency and performance and its emphasis on grades and formal credentialing It examines the future of education via the 4Life framework a four form model for purposeful learning centered around social emotional regulation and the well being of the individual learner Life long learning the learning that occurs over a learner s lifespan Life deep learning a deep understanding of learned content and adaptive expertise Life wide learning learning in multiple contexts besides the school environment and Life wise learning learning which focuses on the learner s values morals character and historical empathy This book also illustrates how purposeful learning serves to equip learners with the knowledge skills dispositions and competencies they need to thrive as adaptive workers in the economy of the future
