Script For Legally Blonde The Musical :

Activated Script Analysis Elizabeth Brendel Horn, 2023-05-02 *Activated Script Analysis* engages theatre students in traditional formative script analysis through a fusion of devised theatre and various modes of creative expression dispelling the notion of script analysis as an isolated pen to paper task and reimagining it as a captivating and collaborative process. This book uses diverse contemporary plays to model the script analysis process for each of four Theatrical Elements: Given Circumstances, Character, Setting, and Structure. By considering each of these elements, readers can uncover patterns and themes within a dramatic text. Woven throughout the study of each theatrical element are Connections: Personal Connections, which encourage readers to explore a theatrical element within their own lives as though their lives were a script; Play Connections, which make abstract ideas presented in script analysis concrete through theatre-based play; Professional Connections, which examine how a theatre professional might analyze a script within their own work; and Performative Connections, which provide the opportunity for students to explore a theatrical element through performance using devised theatre strategies. At the end of each chapter, readers are given the opportunity to analyze a text through the lens of a Theatrical Element and to express their findings through a variety of digital, written, visual, and performance-based modes of expression. *Activated Script Analysis* is designed for undergraduate theatre students and educators to be used as the primary text in Script Analysis coursework or as a supplemental text in Acting or Directing courses. The book includes access to downloadable templates and example videos available at www.routledge.com/9781032125398. *Creating Musical Theatre* Lyn Cramer, 2013-07-18 *Creating Musical Theatre* features interviews with the directors and choreographers that make up today's Broadway elite. From Susan Stroman and Kathleen Marshall to newcomers Andy Blankenbuehler and Christopher Gattelli, this book features twelve creative artists, mostly director-choreographers, many of whom have also crossed over into film and television, opera and ballet. To the researcher, this book will deliver specific information on how these artists work for the performer; it will serve as insight into exactly what these artists are looking for in the audition process and the rehearsal environment. And for the director-choreographer, this book will serve as an inspiration, detailing each artist's pursuit of his or her dream and the path to success, offering new insight and a deeper understanding of Broadway today. *Creating Musical Theatre* includes a foreword by four-time Tony nominee Kelli O'Hara, one of the most elegant and talented leading ladies gracing the Broadway and concert stage today, as well as interviews with award-winning directors and choreographers, including Rob Ashford, *How to Succeed in Business Without Really Trying*, Andy Blankenbuehler, *In the Heights*, Jeff Calhoun, *Newsies*, Warren Carlyle, *Follies*, Christopher Gattelli, *Newsies*, Kathleen Marshall, *Anything Goes*, Jerry Mitchell, *Legally Blonde*, Casey Nicholaw, *The Book of Mormon*, Randy Skinner, *White Christmas*, Susan Stroman, *The Scottsboro Boys*, Sergio Trujillo, *Jersey Boys*, and Anthony Van Laast, *Sister Act*. **Mixing a Musical** Shannon Slaton, 2018-07-04 *Mixing a Musical: Broadway Theatrical Sound Techniques*, Second Edition, pulls the curtain back on one of the least understood careers in live theatre: the
