Family Whispering Melinda Blau, Tracy Hogg, 2014-02-18. From the famous *Baby Whisperer* comes this warm, accessible, and highly practical guide. Gretchen Rubin, 1 New York Times bestselling author, to help families of all sizes and backgrounds live, love, and thrive. Parenting is something you do. Family is something you are. Tracy Hogg, before her untimely death in 2004, Tracy aka the Baby Whisperer and her longtime collaborator, journalist Melinda Blau, conceived a fourth book that would apply the commonsense principles of baby whispering to the whole family. This groundbreaking book explains why family is defined by much more than the relationship between parent and child. By widening the lens to focus on the family as an entity, Blau uses the *Baby Whisperer* philosophy to illuminate how the multiple bonds and interactions that unfold within a household of adults and children coalesce to form a larger family dynamic. By taking this wider perspective, she enables you to see everyday challenges such as sibling rivalry, communication, and time management with fresh eyes. Informed both by research and stories of real families, this new book is filled with handy tips and memorable acronyms that *Baby Whisperer* fans have come to expect. The advice is simple, practical, and often counterintuitive. Asking kids to help more around the home can make them happier; setbacks can often make a family closer. The hopeful message is that with insight, awareness, and family, we can actually design our families to be happier and more productive, improving the daily lives of parents and kids and thereby benefiting society as a whole in the process.
