Comparative Policing Jacques de Maillard,Sebastian Roché,2021-08-26 This book argues that policing should be studied in a truly comparative manner as a way of identifying more accurately the diverse features of police organisations and the trends which affect contemporary policing Studying policing comparatively is also a way to develop more sophisticated theories on the relations between police state and society aiming at higher degree of generalization In particular broadening the empirical basis often limited to Western countries favours the formulation of more encompassing theories The comparative analysis then is used to refine meso or macro theories on various aspects of policing The book covers the challenges of comparative research in diverse areas of policing studies with innovative tools and approaches to allow for the development of that subfield of policing It is a significant new contribution to policing studies and will be a great resource for academics researchers and advanced students of Public Policy Sociology Political Science and Law The chapters in this book were originally published in *Policing and Society* Regulating the Security Industry Mahesh Nalla,Tim Prenzler,2020-01-24 It is

widely acknowledged that the size of the security industry has increased in virtually every country around the world often eclipsing conventional police forces in personnel numbers and expenditures Security providers differ from law enforcement officers in many ways yet the nature of their crime reduction activities brings them into frequent contact with citizens drawing to the forefront issues of training professionalism and accountability Unlike police officers whose training and licensing standards are well established regulations for security providers are often minimalist or entirely absent This volume brings together research on regulatory regimes and strategies from around the globe covering both the large private security sector and the expanding area of public sector non police protective security It examines the nature and extent of licensing and monitoring and the minimum standards imposed on the industry by governments across the world The chapters in this book were originally published in the *International Journal of Comparative and Applied Criminal Justice* **Securing**
